THE DAY'S PROCEEDINGS IN CONGRESS.

Washington, Feb. 20.—At the conclusion of routine business in the senate today consideration was resumed of the Philippine tariff bill. Mr. Patterson, of Colorado, a member of the Philippine committee of the senate, discussed the treason and sedition laws enacted and enforced as tyrannical and oppressive. He maintained that the decision of the United States supreme court seemed to indicate that when the question was presented unqualifiedly to that court it would be held that the bill of rights would be extended to the Filipinos and that they were, as a fact, within the limits of the constitution of the United States.

He maintained that when the question finally should come before the supreme court it would be held that the rights of free speech and a free press in the Philippine islands would be protected fully and beyond any doubt.

Mr. Patterson declared that only four of the fifteen acts of the Philippine commission relating to conspiracy against the United States had any resemblance to the statutes of the United States. The remainder, he held, were taken bodily from the statutes of Spain as enacted by the Spanish courts. He declared, after anaylzing the enactments, that no greater outrage could be inflicted upon a people than the enforcement of sedition laws enacted by the Philippine commission. Acts more tyrannical, more unconstitutional and more inimical to the interests of the people, he asserted, never were enacted, and they ought to be repealed immediately by act of congress.

Mr. Patterson maintained that, under the enactments of the Philippine commission, any person found distributing the Congressional Record containing speeches of any member of the minority upon the Philippine question would be liable to fine and imprisonment. He denounced such a condition as unwarranted and extraordinary and without any constitutional authority. He declared that the sedition laws enacted by the congress in 1789 were a beacon light of liberty and independence as compared with the laws enacted by the Philippine commission. He said that Governor Taft had explained that instances where the death penalty was inflicted under the law the cases had to be taken to the supreme court, but in all cases of fines and imprisonment no such appeal was permissible.

Mr. Patterson declared that the information supplied by the war department was absolutely in opposition to the statements made by Governor Taft. It was, in effect, the war department against Governor Taft.

In response to an inquiry by Mr. Foraker, Mr. Patterson stated it as his judgment that Governor Taft had motives for misrepresenting the situation in the Philippines that the war department did not have.

"The statements of the war department," he asserted, after reading from some documents, "brand as slander most of those made by Governor Taft about the Filipinos' character and ability—brand as slander his charges that they are cruel, idle, shiftless and as unfit for governmental self-control."

In response to another inquiry by Mr. Foraker, who said he wanted clearly to understand the statement, Mr. Patterson reiterated his statement that Governor Taft had motives for misrepresentation and that he had misrepresented the situation in the archipelago was his deliberate judgment.

IN THE HOUSE.

Washington, Feb. 20.—General debate on the Indian appropriation bill having closed yesterday the bill was read in the house today for amendment under the five minutes rule.

MAY DELIVER MAIL.

Postmaster Page is in receipt of an inquiry from the postoffice department with reference to the number of families residing along the roads traversed by the star route mail carriers leaving Fort Wayne daily. The indications are that with the letting of the new mail contracts there will be a provision that the carriers, in addition to delivering pouches of mail between Fort Wayne and points not reached by railroads, will also be required to deliver mail to residents along the route between the points, the same as is now done by the rural free delivery carriers. There are now three star routes out from Fort Wayne, reaching Harlan, Hursh and Zanesville.

TWO PLEAD GUILTY.

London, Feb. 20.—At the resumption of the hearing of the cases growing out of the Bank of Liverpool frauds at the Old Bailey today F. T. Kelly, a bookmaker of Bradford, and Stiles, another bookmaker, both charged with complicity in the robberies, pleaded guilty. Sentences in their cases were postponed until Saturday.

GOOD COUNTY FAIR PROSPECT

CHAIRMAN JOHNSON SAYS OUTLOOK IS BRIGHT.

Special Meeting of Agricultural Association is Called for March 1 to Discuss It.

"Prospects for the organization of a county fair association in Allen county have never been so bright as at present," said President Alexander Johnson, of the Agricultural and Horticultural association, this morning. "We have been doing some active work looking to the formation of an association to carry forward the work of giving a big, old-fashioned county fair this coming fall and everything now looks most favorable."

Mr. Johnson today issued a call for a special meeting of the Agricultural and Horticultural association to be held at the assembly room of the court house on Saturday afternoon, March 1. The matter of the county fair will then be discussed and it is expected that some basis will be reached whereby a permanent fair association may be formed, backed by ample capital and enthusiasm that will insure a splendid exhibition.

HAY CAUSES STIR

GIVES APPROVAL TO ANGLO-JAPANESE ALLIANCE.

CABLED HIS NOTE TO PEKIN

OPPOSES RUSSIAN DOMINATION IN MANCHURIA.

IT CAUSED A SENSATION

NOTE COVERS SAME GROUND AS NEW ALLIANCE.

Chicago, Feb. 20.—The Tribune today prints the following special cablegram from Pekin, China, under date of Feb. 19:

A sensation was caused in diplomatic circles here today when it became known that the United States, through Secretary of State John Hay, had sent a note to the Russian and Chinese governments following closely along the lines of the Anglo-Japanese treaty of January 30.

The note is a distinct warning to both China and Russia that the United States will not permit the integrity of the empire to be molested in favor of one nation to the detriment of another.

SECRETARY HAY'S NOTE.

The note, which practically indorses the English treaty with Japan, says:

"Washington, D. C., Feb. 1.—An agreement whereby China gives any corporation or company the exclusive right or privilege of opening mines, establishing railroads, or in any other way industrially developing Manchuria, can but be viewed with the gravest concern by the government of the United States.

"It constitutes a monopoly which is a distinct breach of the stipulations of the treaties concluded between China and foreign powers and thereby seriously affects the rights of American citizens.

"It restricts their rightful trade, exposing it to be discriminated against, interfered with or otherwise jeopardized, and strongly tends to permanently impair China's sovereign rights in this part of the empire, while it seriously interferes with her ability to meet her international obligations.

"Furthermore, such a concession on China's part undoubtedly would be followed by demands from other powers for similar equal extensive advantages elsewhere in the Chinese empire, and the inevitable result must be the complete wreck of the policy of absolute equality of treatment to all nations respecting trade, navigation and commerce within the empire's confines.

"On the other hand, the attainment by one power of such exclusive privileges for the commercial organizations of its nationality conflicts with the assurances repeatedly conveyed to this government by the imperial Russian ministry of foreign affairs of the imperial government's intention to follow the policy of the open door, as advocated by the government of the United States and accepted by all the treaty powers having commercial interests in the empire.

"It is for these reasons that the government of the United States, now as formerly, animated by the sincerest desire of insuring to the whole world the benefits of full and fair intercourse between China and the nations on a footing of equal rights and advantages to all, submits the above to the earnest consideration of the imperial governments of China and Russia, confident that they will give due weight to its importance and that they will adopt such measures as will relieve the just and natural anxiety of the United States."

DIPLOMATS ACT BADLY.

Pekin, Feb. 20.—The dowager empress and the emperor granted a New Year's audience to the diplomatic corps today. The dowager empress was seated on the throne, with the emperor occupying a chair at her left, a step down. Baron Czikann Von Wahlborn, the Austrian minister to China, addressed a congratulatory speech to the emperor, and Prince Ching, head of the foreign office, read the emperor's reply. The dowager empress and Baron Czikann Von Wahlborn exchanged impromptu remarks.

This second audience, like the first, was undignified because of the lack of order. The diplomats on entering the hall rushed to the throne, scrambling for a sight of the imperial party. The officials said the emperor sneered noticeably several times. As in the case of the first audience, their majesties were subjected to the operation of cameras, which the Chinese consider undignified.

WANT DATE CHANGED.

The Fort Wayne Concordia Singing society, formerly the Saengerbund, will ask to have the date of the court house dedication changed. The annual gathering of the Saengerbund societies of Northern Indiana and Northwestern Ohio has long been arranged for June 15 and 16, and if the court house dedication occurs as now proposed on June 11, 12 and 13, the Concordia society fears the close proximity of the events will work great harm to their meeting. The Commercial club committee and the county commissioners will be conferred with concerning some change of the dedication date.

Rev. Moench's sermon was in the nature of a personal tribute to Father Bathe and he paid a high compliment to the worth and ability of the chancellor of the Fort Wayne diocese. A special program of music was rendered by the Cathedral choir, and the seating capacity of the great building was taxed to accommodate the crowd.

At 1 o'clock the visiting priests sat down to a banquet in the spacious dining room of the bishop's residence, two tables running the entire length of the room being necessary to seat the guests.

Rev. Father Fitzpatrick was toastmaster, and the following responses were made: "Pope Leo XIII.," by Bishop Alerding; "The Jubilaria," by Father Becker, Milwaukee; "Our Flag," by Rev. F. C. Wichman, of Gas City; "Bishop Luehrs," by Rev. A. B. Oechtering, Mishawaka; "Bishop Dwenger," Rev. Boeckelman, Elkhart; "Bishop Rademacher," Rev. J. F. In a brief address Father Bathe expressed his appreciation and thanks for the generous response to the invitations sent out and the present from the assembled guests.

THE CASE CLOSED

PRESIDENT PUTS AN END TO SCHLEY CONTROVERSY.

DECLARES AFFAIR IS ENDED

PRESIDENT'S FINDINGS ARE MOST SEVERE.

SAYS LOOP SHOWED TIMIDITY

SANTIAGO CAPTAINS' BATTLE AND SAMPSON COMMANDED.

Washington, Feb. 20.—Secretary Long has received the following personal note from the white house, announcing the president's action in the case of Admiral Schley:

"White House, Washington, Feb. 19, 1902.—My Dear Sir: The president requests me to state that after a full and most careful consideration of the appeal of Admiral Schley and of the answer submitted thereto by the navy department through you, he has made the enclosed memorandum on the case, which he directs shall be filed therewith and the case treated as closed.

"Very truly yours,
(Signed.) "George B. Cortelyou,
"Secretary to the President."

LONG IS PLEASED.

Secretary Long, referring to the president's statement upon the appeal of Admiral Schley, today said:

"I have no comment to make on the president's ruling upon the appeal of Admiral Schley, except to express my appreciation of its thorough, conscientious, straightforward character. It is, of course, gratifying that the navy department is sustained. The decision will be read as no other document would be and I believe will direct public opinion and tend to close the whole matter."

THE PRESIDENT'S DECISION.

The president upholds the majority decision of that court, approves the recommendation made by President McKinley that Admiral Sampson was deserving of greater credit than Admiral Schley, states in unequivocal terms that Admiral Sampson was in command of the fleet which destroyed the Spanish navy at the battle of Santiago and affirms that Admiral Schley showed timorousness by the maneuvers of the loop.

The text of the president's decision is in full as follows:

White House, Feb. 18, 1902.—I have received the appeal of Admiral Schley and the answer thereto from the navy department. I have examined both with the utmost care as well as the preceding appeal to the secretary of the navy. I have read through all the testimony taken before the court and the statements of the counsel for Admirals Sampson and Schley; have examined all the official reports of every kind in reference to the Santiago naval campaign, copies of the logbooks and signal-books, and the testimony before the court of claims, and have also personally had before me the four surviving captains of the five ships, aside from those of the two admirals, which were actively engaged at Santiago.

It appears that the court of inquiry was unanimous in its findings of fact and unanimous in its expression of opinion on most of its findings of fact. No appeal is made to me from the verdict of the court on these points where it was unanimous.

I have, however, gone carefully over the evidence on these points also. I am satisfied that on the whole the court did substantial justice. It should have specifically condemned the failure to enforce an efficient night blockade at Santiago while Admiral Schley was in command.

CRITICISES RETROGRADE.

On the other hand, I feel that there is a reasonable doubt whether he did not move his squadron with sufficient expedition from port to port. The court is a unit in condemning Admiral Schley's action on the point where it seems to me he most gravely erred—his "retrograde movement" when he abandoned the blockade and his disobedience of orders and misstatement of facts in relation thereto.

It should be remembered, however, that the majority of those actions which the court censures occurred five weeks or more before the fight itself, and it certainly seems that if Admiral Schley's actions were censurable he should not have been left as second in command under Admiral Sampson. His offenses were in effect condoned when he was not called to account for them.

Admiral Sampson after the fight, in an official letter to the department, alluded for the first time to Admiral Schley's "reprehensible conduct" six weeks previously. If Admiral Schley was guilty of reprehensible conduct of a kind which called for such notice from Admiral Sampson, then Admiral Sampson ought not to have left him as senior officer of the blockading squadron on the 3d of July, when he (Sampson) steamed away on his proper errand of communication with General Shafter.

RAISES QUESTION OF COMMAND.

We can, therefore, for our present purposes dismiss consideration of so much of the appeal as relates to anything except the battle. As regards this, the point raised in the appeal is between Admiral Sampson and Admiral Schley, as to which was in command and as to which was entitled to the credit, if either of them was really entitled to any unusual and pre eminent credit by any special exhibition of genius, skill and courage.

The court could have considered both of these questions, but as a matter of fact it unanimously excluded evidence offered upon them and through its president announced its refusal to hear Admiral Sampson's side at all, and in view of such exclusion the majority of the court acted with entire propriety in not expressing any opinion on these points.

The matter has, however, been raised by the president of the court. Moreover, it is the point upon which Admiral Schley in his appeal lays most stress and which he especially asks me to consider. I have, therefore, carefully investigated this matter also and have informed myself upon it from the best sources of information at my command.

APPEAL ON NEW MATTER.

The appeal of Admiral Schley to me is not, as to this, the chief point he raises really an appeal from the decision of the court of inquiry. Five-sixths of the appeal is devoted to the question of command and credit—that is, to matter which the court of inquiry did not consider. It is in effect an appeal from the action of President McKinley three years ago, when he went in the recommendations for promotion for the various officers connected with the Santiago squadron, basing these recommendations upon his estimate of the credit to which the officers were respectively entitled.

What I have to decide, therefore, is whether or not President McKinley did injustice in the matter. This necessarily involves a comparison of the actions of the different commanders engaged. The exhaustive official reports of the action leave little to be brought out anew, but as the question of Admiral Sampson's right to be considered in chief command, which was determined in his favor by President McKinley and later by the court of claims, has never hitherto been officially raised, I deemed it best to secure statements of the commanders of the five ships (other than the Brooklyn and New York, the flagships of the two admirals) which were actively engaged in the fight.

The president quotes voluminous extracts from reports and articles written concerning the blockade, the battle, the question of command and other points in controversy made by Admiral Philip, who commanded the Texas; Captain Clark, who commanded the Oregon; Admiral Evans,

ADOPT FORT WAYNE METHODS

STATE SCHOOL PLANS IN USE AT KNIGHTSTOWN.

Major H. H. Woods in the City to Learn System in Vogue at School for Feeble Minded.

The system of bookkeeping and methods of keeping records of the stores and supplies at the state school for feeble minded in this city have just been adopted by the board of control of another state institution—the soldiers' and sailors' orphans' home at Knightstown.

Major H. H. Woods, chief financial officer of the Knightstown institution, is now in the city and is a guest at the state institution. Major Woods' visit is for the purpose of familiarizing himself with the system used in keeping accurate record of the thousands of details of the government and management of the big institution. This system has been selected as the most meritorious now known, and a complete set of special records has been ordered for Knightstown. Major Woods, in addition to making an inspection of the school, is familiarizing himself thoroughly with the business methods in order to apply them to the institution in his care. He will remain several days.

A CRISIS IMPENDS

GRAVE STATE OF AFFAIRS IN SPAIN.

MARTIAL LAW FOR KINGDOM

PREMIER SAGASTA PREPARING THE DECREE.

TROOPS READY FOR TROUBLE

SITUATION IN BARCELONA IS NOT IMPROVED.

Cerbere, Spain, Feb. 20.—6 p. m.—Serious fighting is proceeding in all parts of Barcelona. A number of persons have already been killed or wounded.

Madrid, Feb. 20.—Premier Sagasta is preparing a decree establishing martial law throughout Spain. The signature of the decree, it is believed, will be followed by an extreme national crisis.

It was persistently said when the chamber of deputies closed this evening that the minister of war, General Weyler, had a long conference with the queen regent yesterday, followed by a conference with the military authorities today. Afterwards, it is asserted, arms and ball-cartridges were served out to the troops in Madrid, who are in readiness to start at a moment's notice.

FRESH FIGHTING OCCURS

Barcelona, Feb. 20.—Fresh fighting between the troops and rioters has occurred at Tarrasa and Sabadell.

Most of the ships in this harbor have been forced to leave without discharging their cargoes.

THE RICH LEAVE BARCELONA.

Perpignan, France, Feb. 20.—The wealthier families of Barcelona are coming here in large numbers to escape the terrors of the Catalonian capital.

MURDERED BY STRIKERS.

Barcelona, Feb. 20.—The strikers today murdered three workmen who wished to resume work. The proprietor of a bakery who raised the price of bread was also killed. It is hourly becoming more apparent that anarchists are the prime movers in the incipient revolution. The markets are without provisions and the strikers are preventing the slaughter of animals. Additional reinforcements of troops are arriving here. A mob stormed the arsenal at Sabadell, not far from Barcelona, and secured forty rifles, but they were subsequently recovered by the troops.

HE IS NOT A CANDIDATE.

Supt. J. N. Study returned last evening from a trip through the northern part of the state, where he was inspecting a number of high schools in his capacity as a member of the state board of education. Asked this afternoon concerning the report from Indianapolis regarding the possibility of his being a candidate for the republican nomination for state superintendent of public instruction, Superintendent Study said:

"I know nothing of this matter until I reached home last evening, and any announcement of that character is entirely unauthorized. I am not in politics, and I much prefer being superintendent of the Fort Wayne schools rather than state superintendent of public instruction. I find in my mail a number of letters regarding the subject, but my whole effort has been to upbuild the schools of Fort Wayne. I have no ambition to hold the state superintendency."

BRAKEMAN IS BANKRUPT.

Don E. Bolens, a brakeman residing in this city, has filed a petition in voluntary bankruptcy. His liabilities are placed at $4,716.15, with assets of $711.53. Many creditors reside at Ligonier and the heaviest indebtedness scheduled, amounting to about $3,000, is owing to the parents of the petitioner. Bonten & Kinerk are his attorneys.

BURIAL OCCURRED TODAY.

The interment of the remains of Mrs. Louisa Winans, who died February 9, occurred at Lindenwood this afternoon, Rev. Green conducting brief religious services. The remains had been cremated in the receiving vault to await the arrival of a son, Henry Winans, from England.

HAY CAUSES STIR

GIVES APPROVAL TO ANGLO-JAPANESE ALLIANCE.

CABLED HIS NOTE TO PEKIN

OPPOSES RUSSIAN DOMINATION IN MANCHURIA.

IT CAUSED A SENSATION

NOTE COVERS SAME GROUND AS NEW ALLIANCE.

Chicago, Feb. 20.—The Tribune today prints the following special cablegram from Pekin, China, under date of Feb. 19:

A sensation was caused in diplomatic circles here today when it became known that the United States, through Secretary of State John Hay, had sent a note to the Russian and Chinese governments following closely along the lines of the Anglo-Japanese treaty of January 30.

The note is a distinct warning to both China and Russia that the United States will not permit the integrity of the empire to be molested in favor of one nation to the detriment of another.

SECRETARY HAY'S NOTE.

The note, which practically indorses the English treaty with Japan, says:

"Washington, D. C., Feb. 1.—An agreement whereby China gives any corporation or company the exclusive right or privilege of opening mines, establishing railroads, or in any other way industrially developing Manchuria, can but be viewed with the gravest concern by the government of the United States.

"It constitutes a monopoly which is a distinct breach of the stipulations of the treaties concluded between China and foreign powers and thereby seriously affects the rights of American citizens.

"It restricts their rightful trade, exposing it to be discriminated against, interfered with or otherwise jeopardized, and strongly tends to permanently impair China's sovereign rights in this part of the empire, while it seriously interferes with her ability to meet her international obligations.

"Furthermore, such a concession on China's part undoubtedly would be followed by demands from other powers for similar equal extensive advantages elsewhere in the Chinese empire, and the inevitable result must be the complete wreck of the policy of absolute equality of treatment to all nations respecting trade, navigation and commerce within the empire's confines.

"On the other hand, the attainment by one power of such exclusive privileges for the commercial organizations of its nationality conflicts with the assurances repeatedly conveyed to this government by the imperial Russian ministry of foreign affairs of the imperial government's intention to follow the policy of the open door, as advocated by the government of the United States and accepted by all the treaty powers having commercial interests in the empire.

"It is for these reasons that the government of the United States, now as formerly, animated by the sincerest desire of insuring to the whole world the benefits of full and fair intercourse between China and the nations on a footing of equal rights and advantages to all, submits the above to the earnest consideration of the imperial governments of China and Russia, confident that they will give due weight to its importance and that they will adopt such measures as will relieve the just and natural anxiety of the United States."

DIPLOMATS ACT BADLY.

Pekin, Feb. 20.—The dowager empress and the emperor granted a New Year's audience to the diplomatic corps today. The dowager empress was seated on the throne, with the emperor occupying a chair at her left, a step down. Baron Czikann Von Wahlborn, the Austrian minister to China, addressed a congratulatory speech to the emperor, and Prince Ching, head of the foreign office, read the emperor's reply. The dowager empress and Baron Czikann Von Wahlborn exchanged impromptu remarks.

This second audience, like the first, was undignified because of the lack of order. The diplomats on entering the hall rushed to the throne, scrambling for a sight of the imperial party. The officials said the emperor sneered noticeably several times. As in the case of the first audience, their majesties were subjected to the operation of cameras, which the Chinese consider undignified.

WANT DATE CHANGED.

The Fort Wayne Concordia Singing society, formerly the Saengerbund, will ask to have the date of the court house dedication changed. The annual gathering of the Saengerbund societies of Northern Indiana and Northwestern Ohio has long been arranged for June 15 and 16, and if the court house dedication occurs as now proposed on June 11, 12 and 13, the Concordia society fears the close proximity of the events will work great harm to their meeting. The Commercial club committee and the county commissioners will be conferred with concerning some change of the dedication date.

DO HONOR TO FATHER BATHE

SILVER JUBILEE CELEBRATION TODAY.

Special Services in Cathedral and Dinner at Bishop's House—Guests Number Sixty.

Twenty-five years ago today Rev. John H. Bathe, present chancellor of the Fort Wayne diocese, celebrated his first mass in St. Louis, and in honor of the occasion special services were held in the Cathedral this morning, followed by a banquet at the bishop's house at 1 o'clock.

Mass was celebrated in the Cathedral at 10 o'clock this morning in the presence of Bishop Alerding, Rev. Bathe being the celebrant, assisted by Rev. Ferdinand Kroll, with Rev. J. F. Delaney as sub deacon. Bishop Alerding occupied the throne, assisted by Rev. P. F. Rocha, while Rev. J. H. Oechtering and Rev. H. F. J. Kroll acted as deacons. Rev. Father Fitzpatrick, of the Cathedral, was master of ceremonies, and the sermon was preached by Rev. Louis Moench, of Valparaiso.

The following priests occupied the sanctuary: Rev. Henry Meisner, Peru; Rev. A. B. Oechtering, Mishawaka; Rev. Soengen, Nix settlement; Rev. August Young, Garrett; Rev. Wilkins, Decatur; Rev. H. Hellhake, Sheldon; Father Lucas, O. F. M., Lafayette; Rev. John Quinlan, Huntington; Rev. F. Faust, Ege; Rev. F. M. Conroy, Portland; Rev. B. Kroeger, Logansport; Rev. Houlihan, Notre Dame university; Rev. Henry Boeckelmann, Elkhart; Rev. Max Benzinger, Hesse Cassel; Rev. F. C. Wichman, Michigan City; Rev. Dr. Huesser, Huntington; Rev. Becker, Milwaukee; Rev. Raczynski; Rev. Dandurand, Monroeville; Rev. P. J. Crosson, Logansport; Rev. John Durham, Union City; Rev. Thiele, Whiting; Rev. Duehmig, Avilla, and all the city clergy.

Rev. Moench's sermon was in the nature of a personal tribute to Father Bathe and he paid a high compliment to the worth and ability of the chancellor of the Fort Wayne diocese. A special program of music was rendered by the Cathedral choir, and the seating capacity of the great building was taxed to accommodate the crowd.

At 1 o'clock the visiting priests sat down to a banquet in the spacious dining room of the bishop's residence, two tables running the entire length of the room being necessary to seat the guests.

Rev. Father Fitzpatrick was toastmaster, and the following responses were made: "Pope Leo XIII.," by Bishop Alerding; "The Jubilaria," by Father Becker, Milwaukee; "Our Flag," by Rev. F. C. Wichman, of Gas City; "Bishop Luehrs," by Rev. A. B. Oechtering, Mishawaka; "Bishop Dwenger," Rev. Boeckelman, Elkhart; "Bishop Rademacher," Rev. J. F. Delaney; "Our Present Bishop and the Fort Wayne Diocese," Rev. Quinlan, of Huntington; "Our Living Pioneers," Rev. John Durham, of Union City; "Deceased Priests of the Diocese," Rev. B. Kroeger, of Logansport; "Reminiscences of the Diocese," Rev. Misner, of Peru; "Our Educational System and Schools," Rev. Lafontaine. Following the toasts the presentation address was made by Rev. Louis Moench, of Valparaiso, and Rev. Bathe was made the recipient of a very handsome gift. In a brief address Father Bathe expressed his appreciation and thanks for the generous response to the invitations sent out and the present from the assembled guests.

THE CASE CLOSED

PRESIDENT PUTS AN END TO SCHLEY CONTROVERSY.

DECLARES AFFAIR IS ENDED

PRESIDENT'S FINDINGS ARE MOST SEVERE.

SAYS LOOP SHOWED TIMIDITY

SANTIAGO CAPTAINS' BATTLE AND SAMPSON COMMANDED.

Washington, Feb. 20.—Secretary Long has received the following personal note from the white house, announcing the president's action in the case of Admiral Schley:

"White House, Washington, Feb. 19, 1902.—My Dear Sir: The president requests me to state that after a full and most careful consideration of the appeal of Admiral Schley and of the answer submitted thereto by the navy department through you, he has made the enclosed memorandum on the case, which he directs shall be filed therewith and the case treated as closed.

"Very truly yours,
(Signed.) "George B. Cortelyou,
"Secretary to the President."

LONG IS PLEASED.

Secretary Long, referring to the president's statement upon the appeal of Admiral Schley, today said:

"I have no comment to make on the president's ruling upon the appeal of Admiral Schley, except to express my appreciation of its thorough, conscientious, straightforward character. It is, of course, gratifying that the navy department is sustained. The decision will be read as no other document would be and I believe will direct public opinion and tend to close the whole matter."

THE PRESIDENT'S DECISION.

The president upholds the majority decision of that court, approves the recommendation made by President McKinley that Admiral Sampson was deserving of greater credit than Admiral Schley, states in unequivocal terms that Admiral Sampson was in command of the fleet which destroyed the Spanish navy at the battle of Santiago and affirms that Admiral Schley showed timorousness by the maneuvers of the loop.

The text of the president's decision is in full as follows:

White House, Feb. 18, 1902.—I have received the appeal of Admiral Schley and the answer thereto from the navy department. I have examined both with the utmost care as well as the preceding appeal to the secretary of the navy. I have read through all the testimony taken before the court and the statements of the counsel for Admirals Sampson and Schley; have examined all the official reports of every kind in reference to the Santiago naval campaign, copies of the logbooks and signal-books, and the testimony before the court of claims, and have also personally had before me the four surviving captains of the five ships, aside from those of the two admirals, which were actively engaged at Santiago.

It appears that the court of inquiry was unanimous in its findings of fact and unanimous in its expression of opinion on most of its findings of fact. No appeal is made to me from the verdict of the court on these points where it was unanimous.

I have, however, gone carefully over the evidence on these points also. I am satisfied that on the whole the court did substantial justice. It should have specifically condemned the failure to enforce an efficient night blockade at Santiago while Admiral Schley was in command.

CRITICISES RETROGRADE.

On the other hand, I feel that there is a reasonable doubt whether he did not move his squadron with sufficient expedition from port to part. The court is a unit in condemning Admiral Schley's action on the point where it seems to me he most gravely erred—his "retrograde movement" when he abandoned the blockade and his disobedience of orders and misstatement of facts in relation thereto.

It should be remembered, however, that the majority of those actions which the court censures occurred five weeks or more before the fight itself, and it certainly seems that if Admiral Schley's actions were censurable he should not have been left as second in command under Admiral Sampson. His offenses were in effect condoned when he was not called to account for them.

Admiral Sampson after the fight, in an official letter to the department, alluded for the first time to Admiral Schley's "reprehensible conduct" six weeks previously. If Admiral Schley was guilty of reprehensible conduct of a kind which called for such notice from Admiral Sampson, then Admiral Sampson ought not to have left him as senior officer of the blockading squadron on the 3d of July, when he (Sampson) steamed away on his proper errand of communication with General Shafter.

RAISES QUESTION OF COMMAND.

We can, therefore, for our present purposes dismiss consideration of so much of the appeal as relates to anything except the battle. As regards this, the point raised in the appeal is between Admiral Sampson and Admiral Schley, as to which was in command and as to which was entitled to the credit, if either of them was really entitled to any unusual and pre eminent credit by any special exhibition of genius, skill and courage.

The court could have considered both of these questions, but as a matter of fact it unanimously excluded evidence offered upon them and through its president announced its refusal to hear Admiral Sampson's side at all, and in view of such exclusion the majority of the court acted with entire propriety in not expressing any opinion on these points.

The matter has, however, been raised by the president of the court. Moreover, it is the point upon which Admiral Schley in his appeal lays most stress and which he especially asks me to consider. I have, therefore, carefully investigated this matter also and have informed myself upon it from the best sources of information at my command.

APPEAL ON NEW MATTER.

The appeal of Admiral Schley to me is not, as to this, the chief point he raises really an appeal from the decision of the court of inquiry. Five-sixths of the appeal is devoted to the question of command and credit—that is, to matter which the court of inquiry did not consider. It is in effect an appeal from the action of President McKinley three years ago, when he sent in the recommendations for promotion for the various officers connected with the Santiago squadron, basing these recommendations upon his estimate of the credit to which the officers were respectively entitled.

What I have to decide, therefore, is whether or not President McKinley did injustice in the matter. This necessarily involves a comparison of the actions of the different commanders engaged. The exhaustive official reports of the action leave little to be brought out anew, but as the question of Admiral Sampson's right to be considered in chief command, which was determined in his favor by President McKinley and later by the court of claims, has never hitherto been officially raised, I deemed it best to secure statements of the commanders of the five ships (other than the Brooklyn and New York, the flagships of the two admirals) which were actively engaged in the fight.

The president quotes voluminous extracts from reports and articles written concerning the blockade, the battle, the question of command and other points in controversy made by Admiral Philip, who commanded the Texas; Captain Clark, who commanded the Oregon; Admiral Evans,

ADOPT FORT WAYNE METHODS

STATE SCHOOL PLANS IN USE AT KNIGHTSTOWN.

Major H. H. Woods in the City to Learn System in Vogue at School for Feeble Minded.

The system of bookkeeping and methods of keeping records of the stores and supplies at the state school for feeble minded in this city have just been adopted by the board of control of another state institution—the soldiers' and sailors' orphans' home at Knightstown.

Major H. H. Woods, chief financial officer of the Knightstown institution, is now in the city and is a guest at the state institution. Major Woods' visit is for the purpose of familiarizing himself with the system used in keeping accurate record of the thousands of details of the government and management of the big institution. This system has been selected as the most meritorious now known, and a complete set of special records has been ordered for Knightstown. Major Woods, in addition to making an inspection of the school, is familiarizing himself thoroughly with the business methods in order to apply them to the institution in his care. He will remain several days.

A CRISIS IMPENDS

GRAVE STATE OF AFFAIRS IN SPAIN.

MARTIAL LAW FOR KINGDOM

PREMIER SAGASTA PREPARING THE DECREE.

TROOPS READY FOR TROUBLE

SITUATION IN BARCELONA IS NOT IMPROVED.

Cerbere, Spain, Feb. 20.—6 p. m.—Serious fighting is proceeding in all parts of Barcelona. A number of persons have already been killed or wounded.

Madrid, Feb. 20.—Premier Sagasta is preparing a decree establishing martial law throughout Spain. The signature of the decree, it is believed, will be followed by an extreme national crisis.

It was persistently said when the chamber of deputies closed this evening that the minister of war, General Weyler, had a long conference with the queen regent yesterday, followed by a conference with the military authorities today. Afterwards, it is asserted, arms and ball-cartridges were served out to the troops in Madrid, who are in readiness to start at a moment's notice.

FRESH FIGHTING OCCURS.

Barcelona, Feb. 20.—Fresh fighting between the troops and rioters has occurred at Tarrasa and Sabadell.

Most of the ships in this harbor have been forced to leave without discharging their cargoes.

THE RICH LEAVE BARCELONA.

Perpignan, France, Feb. 20.—The wealthier families of Barcelona are coming here in large numbers to escape the terrors of the Catalonian capital.

MURDERED BY STRIKERS.

Barcelona, Feb. 20.—The strikers today murdered three workmen who wished to resume work. The proprietor of a bakery who raised the price of bread was also killed. It is hourly becoming more apparent that anarchists are the prime movers in the incipient revolution. The markets are without provisions and the strikers are preventing the slaughter of animals. Additional reinforcements of troops are arriving here. A mob stormed the arsenal at Sabadell, not far from Barcelona, and secured forty rifles, but they were subsequently recovered by the troops.

HE IS NOT A CANDIDATE.

Supt. J. N. Study returned last evening from a trip through the northern part of the state, where he was inspecting a number of high schools in his capacity as a member of the state board of education. Asked this afternoon concerning the report from Indianapolis regarding the possibility of his being a candidate for the republican nomination for state superintendent of public instruction, Superintendent Study said:

"I knew nothing of this matter until I reached home last evening, and any announcement of that character is entirely unauthorized. I am not in politics, and I much prefer being superintendent of the Fort Wayne schools rather than state superintendent of public instruction. I find in my mail a number of letters regarding the subject, but my whole effort has been to upbuild the schools of Fort Wayne. I have no ambition to hold the state superintendency."

BRAKEMAN IS BANKRUPT.

Don E. Bolens, a brakeman residing in this city, has filed a petition in voluntary bankruptcy. His liabilities are placed at $4,716.15, with assets of $711.53. Many creditors reside at Ligonier and the heaviest indebtedness scheduled, amounting to about $3,000, is owing to the parents of the petitioner. Somers & Kinerk are his attorneys.

BURIAL OCCURRED TODAY.

BATTERY WILL MUSTER OUT

THAT IS THE INFORMATION FROM INDIANAPOLIS.

Lack of Interest is Charged, but Other Reasons are Apparent in Fort Wayne.

Information from Indianapolis by way of the capital city newspapers is to the effect that the Fort Wayne battery is to be mustered out of the state service, though no orders have yet been received by the local officers to that effect. The Indianapolis News Wednesday evening said:

"The Fort Wayne battery of artillery has been mustered out of service by Major Stevenson, commander of the battalion, because of its inefficiency. Adjutant General Ward, of the Indiana national guard, says no encouragement was given at Fort Wayne. Another battery will be organized soon, as it is desired that the battalion shall be complete before the dedication of the soldiers' and sailors' monument in this city in May. General Ward thinks it probable that a battery may be formed in either Terre Haute, Richmond, Lafayette or Evansville, but no application has yet been made for the vacancy. The members of the battalion now are battery A, of this city, and the Attica battery.

"It is understood that Major Stevenson, accompanied by members of his staff, will visit a number of cities for the purpose of getting guarantees that sufficient interest will be taken before it is decided where the new battery is to be organized."

ANOTHER PHASE OF IT.

It is apparent in Fort Wayne that the situation has been brought about by circumstances not set forth by the Indianapolis newspapers, though the battery officers decline to discuss the matter. It is known, however, that local members of the national guard feel that this city has not been given the recognition it deserved. Capt. W. F. Ranke, for many years at the head of the Fort Wayne battery, was mentioned for appointment as major of the artillery battalion at the time Major Schanz was selected and it is said was the ranking officer at that time. This was passed over. Major Schanz resigned and friends of Captain Ranke believed he would surely receive recognition at that time. It was not to be, however, for after Captain Ranke had been given an intimation that the place was his should he desire it, the authorities passed it over his head and selected Major Stevenson from the retired list. Captain Ranke's resignation from the guard soon followed. Lieutenant Cleary was promoted to the place and within a few days he forwarded his resignation.

The result has been a determination to muster out the organization. The battery is in excellent financial shape. It has a well-equipped armory in the Saengerbund building and has been expending for its support each month an additional sum almost equal to that provided by the state.

CHARLES E. BOND HONORED.

Charles E. Bond, who represented the Fort Wayne Commercial club at the meeting of the Indiana state board of commerce at Indianapolis yesterday, was elected second vice president of the board for the coming year. C. M. Kimbrough, of Muncie, is president; A. L. Mason, of Indianapolis, first vice president, and A. A. McCain, of Crawfordsville, third vice president. The next meeting of the board will be held at Indianapolis in December, just preceding the session of the legislature, in order that the suggestions of the board as to legislation may be laid before that body for consideration.

A LUCKY ESCAPE.

Mrs. Kirkland, mother of E. H. Kirkland, of 333 West Wayne street, fell down a flight of stairs Tuesday night while carrying a baby in her arms. Mrs. Kirkland had the presence of mind to clasp the little one closely, thereby saving it from serious injury. Both were considerably bruised and the services of a physician were necessary.

SCOTS GREYS ARE CUT UP

DETACHMENT FALLS IN WITH THE BOERS.

Cut Off From Main Column, Two Were Killed, Many Wounded and Forty Prisoners Were Taken.

London, Feb. 20.—A detachment of the Scots greys (Second dragoons), one of Great Britains crack dragoon regiments, has been cut up by the Boers at Klipdam. Major C. W. M. Feilden and Capt. E. Ussher were severely wounded, two men were killed, six were wounded and forty-six were captured. The news was received this morning from Lord Kitchener in a dispatch dated Pretoria, Wednesday, Feb. 19. The Scots greys formed part of Gen. Gilbert Hamilton's column. The latter, while moving on Nigel February 18, engaged a force of Boers at Klipdam. The Scots greys became detached, were surrounded and cut off. General Hamilton was unable to dislodge the Boers from their position, so he continued his march towards Nigel. The Boers released the Scots greys who had been made prisoners.

MR. WINGATE PLEASED.

Tax Commissioner John Wingate, who held an interesting session with Allen county assessors at the court house yesterday, left for Angola on an early train this morning and is delivering his talk to the assessors of Steuben county today. Before leaving he was emphatic in his statement that the meeting held here yesterday was the best and most interesting in every way that he had ever attended in his capacity as a member of the tax board. He said that notwithstanding the fact that Allen county is the banner democratic county of the state, he was forced to admit that in assessment matters it was the best regulated of any county in his district and that he thought that the assessors were as near onto their job as any officials of any kind could be expected to be. He also took occasion to pay a neat compliment to Col. M. V. Walsh for the intelligent methods he had introduced as assessor of Wayne township and county assessor and likewise complimented Assessor Eggemann, the present incumbent for his up-to-date methods. When joked about his republican proclivities Mr. Wingate admitted that it would not be a bad idea to have a map of Allen county framed and hung in the corridors of the state house at Indianapolis as a reminder that the whole state of Indiana is not lost within the borders of Marion county and as a suggestion that Indianapolis is not the whole state.

He got there in time to catch a train for home and brought the boy back with him.

BATTERY WILL MUSTER OUT

THAT IS THE INFORMATION FROM INDIANAPOLIS.

Lack of Interest is Charged, but Other Reasons are Apparent in Fort Wayne.

Information from Indianapolis by way of the capital city newspapers is to the effect that the Fort Wayne battery is to be mustered out of the state service, though no orders have yet been received by the local officers to that effect. The Indianapolis News Wednesday evening said:

"The Fort Wayne battery of artillery has been mustered out of service by Major Stevenson, commander of the battalion, because of its inefficiency. Adjutant General Ward, of the Indiana national guard, says no encouragement was given at Fort Wayne. Another battery will be organized soon, as it is desired that the battalion shall be complete before the dedication of the soldiers' and sailors' monument in this city in May. General Ward thinks it probable that a battery may be formed in either Terre Haute, Richmond, Lafayette or Evansville, but no application has yet been made for the vacancy. The members of the battalion now are battery A, of this city, and the Attica battery.

"It is understood that Major Stevenson, accompanied by members of his staff, will visit a number of cities for the purpose of getting guarantees that sufficient interest will be taken before it is decided where the new battery is to be organized."

ANOTHER PHASE OF IT.

It is apparent in Fort Wayne that the situation has been brought about by circumstances not set forth by the Indianapolis newspapers, though the battery officers decline to discuss the matter. It is known, however, that local members of the national guard feel that this city has not been given the recognition it deserved. Capt. W. F. Ranke, for many years at the head of the Fort Wayne battery, was mentioned for appointment as major of the artillery battalion at the time Major Schanz was selected and it is said was the ranking officer at that time. This was passed over. Major Schanz resigned and friends of Captain Ranke believed he would surely receive recognition at that time. It was not to be, however, for after Captain Ranke had been given an intimation that the place was his should he desire it, the authorities passed it over his head and selected Major Stevenson from the retired list. Captain Ranke's resignation from the guard soon followed. Lieutenant Cleary was promoted to the place and within a few days he forwarded his resignation.

The result has been a determination to muster out the organization. The battery is in excellent financial shape. It has a well-equipped armory in the Saengerbund building and has been expending for its support each month an additional sum almost equal to that provided by the state.

CHARLES E. BOND HONORED.

Charles E. Bond, who represented the Fort Wayne Commercial club at the meeting of the Indiana state board of commerce at Indianapolis yesterday, was elected second vice president of the board for the coming year. C. M. Kimbrough, of Muncie, is president; A. L. Mason, of Indianapolis, first vice president, and A. A. McCain, of Crawfordsville, third vice president. The next meeting of the board will be held at Indianapolis in December, just preceding the session of the legislature, in order that the suggestions of the board as to legislation may be laid before that body for consideration.

A LUCKY ESCAPE.

Mrs. Kirkland, mother of E. H. Kirkland, of 333 West Wayne street, fell down a flight of stairs Tuesday night while carrying a baby in her arms. Mrs. Kirkland had the presence of mind to clasp the little one closely, thereby saving it from serious injury. Both were considerably bruised and the services of a physician were necessary.

SCOTS GREYS ARE CUT UP

DETACHMENT FALLS IN WITH THE BOERS.

Cut Off From Main Column, Two Were Killed, Many Wounded and Forty Prisoners Were Taken.

London, Feb. 20.—A detachment of the Scots greys (Second dragoons), one of Great Britains crack dragoon regiments, has been cut up by the Boers at Klipdam. Major C. W. M. Feilden and Capt. E. Usher were severely wounded, two men were killed, six were wounded and forty-six were captured. The news was received this morning from Lord Kitchener in a dispatch dated Pretoria, Wednesday, Feb. 19. The Scots greys formed part of Gen. Gilbert Hamilton's column. The latter, while moving on Nigel February 18, engaged a force of Boers at Klipdam. The Scots greys became detached, were surrounded and cut off. General Hamilton was unable to dislodge the Boers from their position, so he continued his march towards Nigel. The Boers released the Scots greys who had been made prisoners.

MR. WINGATE PLEASED.

Tax Commissioner John Wingate, who held an interesting session with Allen county assessors at the court house yesterday, left for Angola on an early train this morning and is delivering his talk to the assessors of Steuben county today. Before leaving he was emphatic in his statement that the meeting held here yesterday was the best and most interesting in every way that he had ever attended in his capacity as a member of the tax board. He said that notwithstanding the fact that Allen county is the banner democratic county of the state, he was forced to admit that in assessment matters it was the best regulated of any county in his district and that he thought that the assessors were as near onto their job as any officials of any kind could be expected to be. He also took occasion to pay a neat compliment to Col. M. V. Walsh for the intelligent methods he had introduced as assessor of Wayne township and county assessor and likewise complimented Assessor Eggemann, the present incumbent for his up-to-date methods. When joked about his republican proclivities Mr. Wingate admitted that it would not be a bad idea to have a map of Allen county framed and hung in the corridors of the state house at Indianapolis as a reminder that the whole state of Indiana is not lost within the borders of Marion county and as a suggestion that Indianapolis is not the whole state.

(Special to The Sentinel.)

Elkhart, Ind., Feb. 20.—William H. Fleck, who now has a divorce suit pending against his wife, regained possession of his little son in a sensational manner yesterday. He followed his wife to Kendallville and found his boy at the home of his father-in-law, two miles south of that town. He made a dash, secured him and started for Kendallville at a hot pace, pursued by his father-in-law, who was armed with a revolver. He got there in time to catch a train for home and brought the boy back with him.

WIFE BEATER IS THRASHED.

Flora, Ind., Feb. 20.—Last night a band of white caps went to the residence of Charles Gregory in Young America village, ten miles east of here, dragged him from his residence to a wood near the town, where they thrashed him. Early in the evening the neighbors heard Mrs. Gregory scream, and going to her rescue, found Gregory kicking his wife.

THE LAST HEARD OF IT.

"My little boy took the croup one night and soon grew so bad you could hear him breathe all over the house," says F. D. Reynolds, Mansfield, O. "We feared he would die, but a few doses of One Minute Cough Cure quickly relieved him and he went to sleep. That's the last we heard of the croup. Now isn't a cough cure like that valuable?" One Minute Cough Cure is absolutely safe and acts immediately. For coughs, colds, croup, grip, bronchitis and all other throat and lung troubles it is a certain cure. Very pleasant to take. REUBEN S. PATTERSON.

The Distinctive Value

of Syrup of Figs is due to its pleasant form and perfect freedom from every objectionable quality or substance and to the fact that it acts gently and truly as a laxative, without in any way disturbing the natural functions. The requisite knowledge of what a laxative should be and of the best means for its production enable the California Fig Syrup Co. to supply the general demand for a laxative, simple and wholesome in its nature and truly beneficial in its effects; a laxative which acts pleasantly and leaves the internal organs in a naturally healthy condition and which does not weaken them.

To assist nature, when nature needs assistance, it is all important that the medicinal agents used should be of the best quality and of known value and Syrup of Figs possesses this great advantage over all other remedies, that it does not weaken the organs on which it acts and therefore it promotes a healthful condition of the bowels and assists one in forming regular habits. Among its many excellent qualities may be mentioned its perfect safety, in all cases requiring a laxative, even for the babe, or its mother, the maiden, or the wife, the invalid, or the robust man.

Syrup of Figs is well known to be a combination of the laxative principles of plants, which act most beneficially, with pleasant aromatic liquids and the juice of figs, agreeable and refreshing to the taste and acceptable to the system, when its gentle cleansing is desired. The quality of Syrup of Figs is due not only to the excellence of the combination, but also to the original method of manufacture which ensures perfect purity and uniformity of product and it is therefore all important, in buying, in order to get its beneficial effects, to note the full name of the Company—California Fig Syrup Co.—printed on the front of every package.

I. Alringer, of Ewing street, brought to The Sentinel office one of the most beautiful and perfect specimens of the oriole's nest that the writer has ever seen. CLERK'S WISE SUGGESTION.

"I have lately been much troubled with dyspepsia, belching and sour stomach," writes M. S. Mead, leading pharmacist of Attleboro, Mass. "I could eat hardly anything without suffering several hours. My clerk suggested I try Kodol Dyspepsia Cure, which I did, with most happy results. I have had no more trouble and when one can go to eating mince pie, cheese, candy and nuts after such a time, their digestion must be pretty good. I endorse Kodol Dyspepsia Cure heartily." You don't have to diet. Eat all the good food you want but don't overload the stomach. Kodol Dyspepsia Cure digests your food. Meyer Bros. & Co.

"NIBBLERS."

Not the Proper Way to Take Food.

Clerks in grocery stores are apt to nibble at this and that article of food and if they are not careful acquire a "case of stomach." This was the case with L. Shoemaker, Artic, Ind.

"While I was clerking in a grocery store it was difficult to resist the temptation to eat a little of this and that; a bit of candy, some fruit or crackers, and one thing and another. After about a year I had serious stomach trouble and had run down to 91 pounds, was pale and sallow and poor as a snake. I could sleep but little at night and my distress was terrible.

Finally I was compelled to give up my position and take treatment for my health. I heard of Grape-Nuts Breakfast Food and began to use it regularly. I soon began to recover both health and strength, until at the end of about three months' steady use I was so fat and well that I was weighed and found I weighed 160 pounds, which was a gain of 69 pounds in that time. This may sound a little fishy but it is the plain truth and can be verified by any one who cares to inquire of my friends who know the facts."

When the liver goes wrong, everything is wrong. You have dyspepsia, coated tongue, constipation, biliousness, sick headache, nausea, general debility. One of Ayer's Pills each night, just one, gently starts the liver and removes all trouble.

"I have used Ayer's Pills for liver complaint, and have found them to be the best thing I have ever tried."

The Distinctive Value

of Syrup of Figs is due to its pleasant form and perfect freedom from every objectionable quality or substance and to the fact that it acts gently and truly as a laxative, without in any way disturbing the natural functions. The requisite knowledge of what a laxative should be and of the best means for its production enable the California Fig Syrup Co. to supply the general demand for a laxative, simple and wholesome in its nature and truly beneficial in its effects; a laxative which acts pleasantly and leaves the internal organs in a naturally healthy condition and which does not weaken them.

To assist nature, when nature needs assistance, it is all important that the medicinal agents used should be of the best quality and of known value and Syrup of Figs possesses this great advantage over all other remedies, that it does not weaken the organs on which it acts and therefore it promotes a healthful condition of the bowels and assists one in forming regular habits. Among its many excellent qualities may be mentioned its perfect safety, in all cases requiring a laxative, even for the babe, or its mother, the maiden, or the wife, the invalid, or the robust man.

Syrup of Figs is well known to be a combination of the laxative principles of plants, which act most beneficially, with pleasant aromatic liquids and the juice of figs, agreeable and refreshing to the taste and acceptable to the system, when its gentle cleansing is desired. The quality of Syrup of Figs is due not only to the excellence of the combination, but also to the original method of manufacture which ensures perfect purity and uniformity of product and it is therefore all important, in buying, in order to get its beneficial effects, to note the full name of the Company—California Fig Syrup Co.—printed on the front of every package.

I. Alringer, of Ewing street, brought to The Sentinel office one of the most beautiful and perfect specimens of the oriole's nest that the writer has ever seen. CLERK'S WISE SUGGESTION.

"I have lately been much troubled with dyspepsia, belching and sour stomach," writes M. S. Mead, leading pharmacist of Attleboro, Mass. "I could eat hardly anything without suffering several hours. My clerk suggested I try Kodol Dyspepsia Cure, which I did, with most happy results. I have had no more trouble and when one can go to eating mince pie, cheese, candy and nuts after such a time, their digestion must be pretty good. I endorse Kodol Dyspepsia Cure heartily." You don't have to diet. Eat all the good food you want but don't overload the stomach. Kodol Dyspepsia Cure digests your food. Meyer Bros. & Co.

"NIBBLERS."

Not the Proper Way to Take Food.

Clerks in grocery stores are apt to nibble at this and that article of food and if they are not careful acquire a "case of stomach." This was the case with L. Shoemaker, Artic, Ind.

"While I was clerking in a grocery store it was difficult to resist the temptation to eat a little of this and that; a bit of candy, some fruit or crackers, and one thing and another. After about a year I had serious stomach trouble and had run down to 91 pounds, was pale and sallow and poor as a snake. I could sleep but little at night and my distress was terrible.

Finally I was compelled to give up my position and take treatment for my health. I heard of Grape-Nuts Breakfast Food and began to use it regularly. I soon began to recover both health and strength, until at the end of about three months' steady use I was so fat and well that I was weighed and found I weighed 160 pounds, which was a gain of 69 pounds in that time. This may sound a little fishy but it is the plain truth and can be verified by any one who cares to inquire of my friends who know the facts."

When the liver goes wrong, everything is wrong. You have dyspepsia, coated tongue, constipation, biliousness, sick headache, nausea, general debility. One of Ayer's Pills each night, just one, gently starts the liver and removes all trouble.

That Lame Back

You can hardly straighten up, the back feels so sore. There's a chance that it is kidney "trouble," and that is something which it is dangerous to neglect. The best medicine for disease of the kidneys is Dr. Pierce's Golden Medical Discovery. The use of this medicine has resulted in some remarkable cures. It increases the activity of the blood-making glands, purifies the blood and relieves the kidneys from clogging impurities.

"I feel it my duty to let you know that I have recently advised a young gentleman who was suffering badly with kidney and bladder disease to try your 'Golden Medical Discovery,'" writes Frank Startz, M. D., of Flatonia, Fayette Co., Texas. "He bought four bottles from our druggist here, and after he had used the first bottle he began to improve. Sometimes he was unable to walk ten steps; now he can ride any horse without any pain in his back and he looks as well and sound as a young boy. His age is only 28. He has suffered for nearly three years, and several other doctors called the case incurable, but I had confidence in Dr. R. V. Pierce's Golden Medical Discovery. I have been offered one hundred dollars several times already for my kind advice, but I would not accept it because I want everybody to know what Dr. Pierce's famous medicine can do.

"This testimony is absolutely true, and the reason I haven't mentioned the young gentleman's name is because he don't want to have his name published."

Accept no substitute for "Golden Medical Discovery." The sole motive for substitution is to enable the dealer to make the little more profit paid on the sale of less meritorious preparations.

Dr. Pierce's Pleasant Pellets stimulate the action of the sluggish liver. They should always be used with "Discovery" when there is need of a laxative.

"Pin Your Faith to Enk's"

"THEY'RE GOOD."

Always good, always reliable. They accomplish more in one day than ordinary medicines can in a month.

CURES
INFLAMMATION OF THE BLADDER

or Cystitis, characterized by pain in the region of the bladder, frequent painful micturition, constant desire, burning, smarting, inability to urinate or only by straining, loss of control, great restlessness, fever, and all the symptoms of irritation. This Preparation relieves the great distress of acute attacks in a few minutes, and cures the worst chronic cases in a remarkably short time. It has a marvelous record, and is guaranteed.

Mrs. D. T. Morris, of Maple Grove Farm, south of Union City, was troubled with this disorder for several years, during which time she was never free from it. She spent over one thousand dollars on doctors and submitted to a serious surgical operation in hope of relief, but grew steadily worse. She was induced to try Enk Preparation No. 39, and to her surprise and that of her relatives and friends she experienced almost instant relief and it proved to be permanent. She has discontinued the use of the medicine and is perfectly well. Send a stamp for reply and write her about it.

who commanded the Iowa; Admiral Taylor, who commanded the Indiana, and Commander Wainwright, who commanded the converted yacht Gloucester, all to the purpose of sustaining his views of the case and the decisions he renders.

MANY HITS BY BIG GUNS.

The survey of the damages of the four Spanish war vessels shows that in addition to several score hits by the six-pounder and one-pounder guns of the American fleet they were struck forty-three times by the larger guns of four inches caliber and over. The Colon, which came out inside the others and did comparatively little fighting, received but three of these hits.

The other three ships, which bore the brunt of the action received forty among them. Of these forty eleven, according to the report of the board which examined into them, were by four-inch guns, ten by five-inch guns, four by either four or five-inch (the board could not determine which), while one was by either a five or six-inch, twelve were by eight-inch and two by twelve-inch guns.

All of our big ships except the Texas had eight-inch guns. Only the Texas and Iowa had twelve-inch guns. The Oregon and Indiana had thirteen-inch guns, and they and the Texas had six-inch guns.

The only four-inch guns were on the Iowa, the only five-inch guns on the Brooklyn.

IOWA HAS MOST SHOTS.

Therefore, on the three Spanish ships which did the bulk of the fighting out of the forty large caliber shots that struck them eleven certainly came from the Iowa, ten certainly came from the Brooklyn and two from either the Iowa or the Texas. Of the three which struck the Colon two were five-inch and must have come from the Brooklyn; one was either a five-inch or a six-inch. It must be remembered that the four and five-inch guns were the only quick firers above six-pounders in our fleet, and that they were not only much more rapidly but much more surely handled than were the larger and slower firing guns.

The damage and loss of the American vessels were trivial. The only loss suffered was aboard the Brooklyn, where one man was killed and one wounded. In damage the cost of the repairs shows that the Iowa suffered most and the Oregon least. The American ships engaged possessed a more than two-fold material superiority over the Spanish ships, and the difference in the handling of their guns and their engines was even greater.

PRAISES WORK OF VESSELS.

We have just cause to be proud of the vigilance and instant readiness our ships displayed and the workmanlike efficiency with which they were handled. The most striking act was that of the Gloucester, a converted yacht, which her commander, Wainwright, pushed into the fight through a hail of projectiles, any one of which would have sunk her, in order that he might do his part in destroying the two torpedo-boats, each possessing far more than his own offensive power.

From the statements of the captains above, from the official reports and from the testimony before the court of inquiry, the fight can be plotted with absolute certainty in its important outlines, though there is conflict as to minor points. When the four Spanish cruisers came out of the harbor the New York had left her position in the blockading lines forty or forty-five minutes before. She had hoisted the signal "Disregard the movements of the commander in chief," but had not hoisted the signal to the second in command to take charge, which, as appears by the signal book, was sometimes, but not always used when the command was transferred.

NEW YORK IN SIGHT.

As soon as the engagement began the New York turned and steamed back, hoisting a signal to close in, which, however, none of the squadron saw. She was in plain sight, and not very much farther from the easternmost blockading ships than the latter were from the Brooklyn, which was the westernmost of the line. As soon as the Spanish ships appeared the five big American blockaders started toward them, in accordance with the standing orders of Admiral Sampson.

After this move each acted purely on his own initiative. For some minutes the Spanish and American vessels steadily approached one another and the fighting was at its hottest. Then the already damaged Spanish ships turned to the westward, while at the same time the westernmost American vessel, the Brooklyn, which was nearest the Spanish line, turned to the eastward, making a loop of three-quarter circle, at the end of which she again headed westward, farther off from and farther behind the Spanish vessels than before the loop had begun, but still ahead of any of the American vessels, although farther outside.

TEXAS BACKED HER ENGINES.

The Texas, the next ship to the Brooklyn, either was or conceived herself to be put in such jeopardy by the Brooklyn's turn toward her that she backed her engines, coming almost or quite to a standstill, so that both the Oregon and the Iowa, which were originally to the eastward of her, passed her, and it was some time after she again started before she regained her former position relatively to the Spanish vessels.

The Spanish vessels had straightened out in column for the west, the Colon going inside of the others and gradually forging ahead of them, without suffering much damage. The two torpedo-boats, which had followed them out of the harbor, were now destroyed by the fire of the rearmost of the American big vessels and of the Gloucester, which headed straight in for them, paying no more heed to their quick fire guns than to the heavy artillery of the forts, to which she was also exposed.

BROOKLYN LEADS IN A CHASE.

In the running fight which followed until the Teresa, Oquendo and Vizcaya were destroyed the Indiana gradually dropped behind, although she continued to fire until the last of the three vessels went ashore. The Brooklyn was ahead of any of the other American vessels on a course outside theirs; she was nearly broadside on to the Spaniards. The Oregon, Iowa and Texas were all close together and actively engaged throughout this running fight. The Brooklyn and Oregon, followed at some distance by the Texas, then continued in chase of the Colon, which went nearly thirty miles farther before she also went ashore. During this chase of the Colon there was practically no fighting.

These are the facts as set forth above in the statements of the captains and elsewhere in their official reports and testimony. They leave no room for doubt on any important point.

QUESTION OF COMMAND TECHNICAL.

The question of command is in this case nominal and technical. Admiral Sampson's ship, the New York, was soon at the outset of the fight from all the ships except the Brooklyn. Four of these five ship captains have testified that they regarded him as present and in command. He signaled "Close in" to the fleet as soon as the first Spanish ship appeared, but his signal was not seen by any American vessel.

He was actually under fire from the ports and himself fired a couple of shots at the close of the action with the torpedo-boats in addition to signaling the Indiana just at the close of the action. But during the action not a single order from him was received by any of the ships that were actively engaged.

Admiral Schley at the outset of the action hoisted the two signals of "clear ship" and "close in," which was simply carrying out the standing orders of Admiral Sampson as to what should be done if the enemy's ships attempted to break out of the harbor. Until after the close of the first portion of the fight at the mouth of the harbor and until after he had made his loop and the Spanish ships were fleeing to westward not another American ship noticed a signal from him.

OREGON ONLY SEES SIGNALS.

When the western pursuit had begun the Oregon, and the Oregon only, noticed and repeated one of his signals of command. The captain of the Oregon regarded him as in command, but did not in any shape or way execute any movement or any action of any kind whatever in accordance with any order from him.

In short, the question as to which of the two men, Admiral Sampson or Admiral Schley, was at the time in command is of merely nominal character. Technically, Sampson commanded the fleet and Schley, as usual, the western division. The actual fact, the important fact, is that after the battle was joined not a helm was shifted, not a gun was fired, not a pound of steam was put on in the engine-room aboard any ship actively engaged in obedience to the orders of either Sampson or Schley, save on their own two vessels. It was a captain's fight.

CREDIT APART FROM COMMAND.

Therefore, the credit to which each of the two is entitled rests on matters apart from the claim of nominal command over the squadron; for so far as the actual fight was concerned neither one nor the other, in fact, exercised any command. Sampson was hardly more than technically in the fight. His real claim for credit rests upon his work as commander in chief; upon the excellence of the blockade; upon the preparedness of the squadron; upon the arrangement of the ships' head on in a semi-circle around the harbor, and the standing orders in accordance with which they instantly moved to the attack of the Spaniards when the latter appeared. For all these things the credit is his.

Admiral Schley is rightly entitled—as is Captain Cook—to the credit of what the Brooklyn did in the fight. On the whole, she did well; but I agree with unanimous finding of the three admirals who composed the court of inquiry as to the "loop." It seriously marred the Brooklyn's otherwise excellent record, being, in fact, the one grave mistake made by any American ship that day.

MUST NOT WEIGH DANGER.

Had the Brooklyn turned to the westward—that is, in the same direction that the Spanish ships were going—instead of in the contrary direction she would undoubtedly have been in more dangerous proximity to them. But it would have been more dangerous for them as well as for her. This kind of danger must not be too nicely weighed by those whose trade it is to dare greatly for the honor of the flag.

Moreover, the danger was certainly not as great as that which in the self-same moment menaced Wainwright's fragile craft as he drove forward against the foe. It was not, in my judgment, as great as the danger to which the Texas was exposed by the turn as actually made. It certainly caused both the Brooklyn and the Texas materially to lose position compared to the fleeing Spanish vessels.

But after the loop had once been taken Admiral Schley handled the Brooklyn manfully and well. She and the Oregon were thenceforth the headmost of the American vessels, though the Iowa certainly, and seemingly the Texas also, did as much in hammering to a standstill the Vizcaya, Oquendo and Teresa; while the Indiana did all her eastward position and crippled machinery permitted. In the chase of the Colon the Brooklyn and Oregon share the credit between them.

LAUDS M'KINLEY'S JUDGMENT.

Under such circumstances it seems to me that the recommendations of President McKinley were eminently proper and that so far as Admiral Sampson and Admiral Schley were concerned it would have been unjust for him to have made other recommendation.

Personally, I feel that in view of Captain Clark's long voyage in the Oregon and the condition in which he brought her to the scene of service as well as the way in which he actually managed her before and during the fight, it would have been well to have given him the same advancement that was given Wainwright. But, waiving this, it is evident that Wainwright was entitled to receive more than any of the other commanders, and that it was just to Admiral Sampson that he should receive a greater advance in numbers than Admiral Schley—there was nothing done in the battle that warranted any unusual reward for either. In short, as regards Admirals Sampson and Schley, I find that President McKinley did substantial justice, and that there would be no warrant for reversing his action.

Both Admiral Sampson and Admiral Schley are now on the retired list. In concluding their report the members of the court of inquiry, Admirals Dewey, Benham and Ramsay, unite in stating that they recommend that no further action be had in the matter. With this recommendation I most heartily concur. There is no excuse whatever from either side for any further agitation of this unhappy controversy. To keep it alive would merely do damage to the navy and to the country.

STATE COMMITTEE MEETING.

S. B. Fleming will leave for Indianapolis this evening to be present at a meeting of the state democratic committee tomorrow. The principal business of the meeting, he suggested, would be the election of a vice chairman and with becoming modesty refrained from passing an opinion as to the probable selection of the committee; it is pretty well known that Mr. Fleming can have the position if he wants it. It is also likely that a secretary will be selected at tomorrow's meeting. Joe Reilley has the call on the job, but Mr. Fleming says that if J. E. McDonald, of Ligonier, is a candidate he will support him as long as he is in the field.

OPENED BIDS TODAY.

Bids for the construction of the new bottling works at the Berghoff brewery were opened this morning, but no award was made, the contracts being taken under advisement. The firms submitting bids were, Messrs. John Spelzer, Wahrenberg & Busching, Korte & Brunick and Henry Hilgeman. It is probable that all the bids will be rejected, as the officers of the company consider them too high.

LINERS SAID TO BE RACING.

London, Feb. 20.—The story that the steamers Campania, St. Louis and Kron Prince Wilhelm are racing seems to only be based on the fact that the times of their departure accidentally arranged a handicap, which, in view of their respective performances, is a very fair one. The Campania left Queenstown at 6:45 p. m. Sunday, the St. Louis passed the Lizard at 12:20 a. m., and the Kron Prinz Wilhelm sailed from Cherbourg at 9 p. m. It is pointed out that the efforts the captains are supposed to be making may possibly result in the three steamers arriving within the same hour.

NO MEETING CALLED.

Manager Mautner, of the Fort Wayne Base Ball club, said that he was not aware of any meeting of the Western association managers in the immediate future or at any other time as stated in dispatches in the morning papers. If the Marion management has been advised by President Power the advice, he says, must have been very exclusive, as he had received no word of any kind from the association manager, who has been ill for some weeks. Mr. Mautner said that he was not in a position to talk base ball at all at this time and did not think anybody else would be until after a meeting for reorganization could be held.

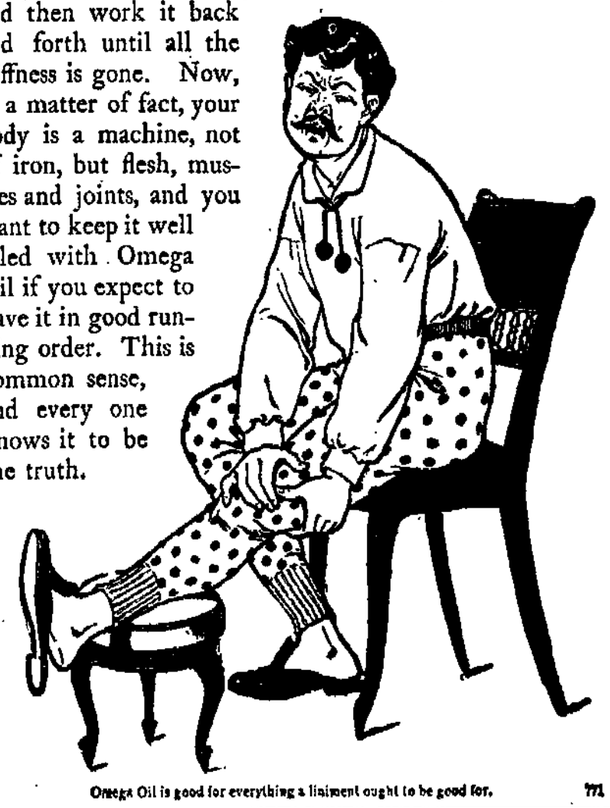
Stiff Joints
Omega Oil

What a stiff joint needs more than anything else is Omega Oil. The next need is plenty of massage, or rubbing. The rubbing makes the blood flow faster, and the Oil loosens up and softens the hard, stiff places. The first thing to do with a stiff joint in machinery is to oil it, and then work it back and forth until all the stiffness is gone. Now, as a matter of fact, your body is a machine, not of iron, but flesh, muscles and joints, and you want to keep it well oiled with Omega Oil if you expect to have it in good running order. This is common sense, and every one knows it to be the truth.



Omega Oil is good for everything a liniment ought to be good for. 771

INDIANA MEDICAL AND SURGICAL INSTITUTE.

The Oldest, the Largest, and the Best —Thirty Years' Experience.

Many Imitators, But no Equal.

Permit us to call the attention of our readers to the important fact that there are three essential steps in the successful treatment of disease. First, a correct diagnosis; second, the selection of the proper remedies in their best possible form, and third, a thorough knowledge of knowing how to prepare these remedies and their physiological effects upon the human body, in order to effect a cure. In the three above named facts Dr. D. W. Tucker has no equal in the state of Indiana. He has treated many thousands of cases within the last Thirty Years.

If one fourth of the people that are now in the cemetery had consulted and been treated by some good Specialist in place of their family doctor, they would have lived twenty years longer. Only a Specialist, who thoroughly understands Chronic Diseases, can treat them successfully. Dr. Tucker is without doubt the ablest specialist in this state and has treated and cured more cases of Chronic and Private Diseases than all the other Specialists in this state combined.

A doctor that has restored thousands to health, and can produce undeniable proof of the fact, must be regarded with respect. This is the record of Dr. Tucker, which cannot be equaled by any other specialist in the United States. His success is the result of THIRTY YEARS of careful study, extensive research, observation and remarkable experience in the treatment and cure of thousands of chronic and private diseases of the Brain, Heart, Lungs, Liver, Kidneys, Bladder, Rectum, Gleet, Impotency, Nervous Diseases, Catarrh, Piles, Varicocele, Strictures, and all private diseases of both sexes. If Dr. Tucker cannot cure you no other specialist in the United States can. He has deposited in bank ONE THOUSAND DOLLARS that he has treated more cases of chronic diseases and performed more remarkable cures than any THREE SPECIALISTS in the State of Indiana. Authoritative and official denial comes from Constantinople that Miss Stone has been released by her captors. Denial of the denial will not be due this week and meanwhile the case stands as stated.

The Schley case has gone as far as it can go at present. We believe, however, that the time is not far distant when the admiral can appeal to his superiors and get the measure of justice in the record that is his right and due. To the country he need not appeal. The people are with him.

Attorney General Knox gives it as his opinion that the Northern Securities company, organized to facilitate the merger of several great railway systems, is contrary to the Sherman anti-trust law and on that ground will begin suit against that gigantic corporation. Whether it will dissolve the merger cannot be stated, but it will at least throw some light on the efficacy of the law itself if attempt is made to enforce it.

Mr. Davis, cashier of a bank in Southern Indiana, who stole a big fortune to indulge his love of gambling, has learned how the unsophisticated sport with game propensities is parted from his money. At a saloon bar where the cashier was wont to stand and "shoot craps" and where he is said to have lost $50,000 at the game, there was an arrangement of electrical magnets whereby the gentlemanly mixer or his trusted agents could call the "come seven, come 'leven" with unvarying accuracy and good luck. It was a little slower method of draining a bank of its cash than the bucket shop conduit affords, but in this case it appears to have been none the less effective. When the cashier gets through showing in the local courts how the gamblers fleeced him he will return to the federal court at Indianapolis to receive sentence for stealing the money he lost to the sports down home. The cashier is no doubt convinced that "the other man's game" is neither devised nor employed in a purely philanthropic spirit. However, the cashier is not the first man who has paid a good fee for initiation into that mystery.

President Roosevelt's severity in dealing with the Schley appeal can scarcely be ascribed to any other motive than his desire to dispose of the matter effectually. If that was his purpose we believe he has failed in it. In going almost to the length reached by the unspeakable Maclay in imputing cowardice to Admiral Schley the president has given the entire case a new status that makes it impossible of abandonment by Schley and his friends. That it will be somehow given place in congressional consideration seems now almost inevitable. Just what is possible at this session is problematical. So far the powers that rule congress have been able to keep the Schley affair from getting before either branch in any formal way that promises results. But if this congress fails to do anything to lift the accumulating burden of adverse and unjust record from Admiral Schley, the next congress may be so constituted as to make justice possible. Admiral Schley's friends are numerous; they are not actuated by politics and they will not abandon the cause of the man they believe to be the victim of repeated and flagrant wrongs. The president's decision can scarcely help sooner or later having the effect to bring the controversy before congress for an inquiry that will sift the whole affair thoroughly. President Roosevelt has failed signally to settle the Schley controversy.

MUCH SURPRISED

BY MOVE OF KNOX AGAINST RAILWAY MERGER.

THE BANKERS NONPLUSSED

NO SUCH ACTION HAS BEEN LOOKED FOR.

LEGAL BATTLE IS PROMISED

NORTHERN SECURITIES CONCERN MUST FIGHT.

New York, Feb. 20.—Bankers of this city identified with the formation of the Northern Securities company were grently surprised to learn and at first refused to believe that Attorney General Knox is preparing a case against the company.

They pointed out that a decision on a cognate case from the supreme court of the United States is expected on Monday next. They were unable to understand why notice of another action should be given pending this decision.

It is stated to be the intention of both the Hill-Morgan and Kuhn-Loeb-Harriman syndicates to fight the case out to the end. All of the bankers who were seen expressed themselves as confident of the ultimate result.

A long legal battle is promised, but it is understood that no matter what the decision may be the dominating idea which brought the Northern Securities company into life will be substantially maintained. A contingency such as has arisen, authorities said, was foreseen by the legal talent when the last details were arranged some months ago, and provision is made for the carrying out of the community of ownership idea.

CONFERS WITH MORGAN.

Charles Steele, a member of the firm of J. P. Morgan & Co., was in conference with Mr. Morgan at his residence as to the effect of the action of Attorney General Knox.

"This opinion came as a great surprise to all of us," he said. "No such action was expected and there has been an absolute quiet since the argument of the case of the state of Minnesota before the supreme court of the United States.

"After this bill of equity, as suggested by Attorney General Knox, has been filed we will be prepared to speak our line of defense. At present we are wholly in the dark, but I will say that a long legal battle will ensue.

"We had not heard that President Roosevelt had asked for the opinion of the attorney general in the matter, and although we have heard of it from several sources in the last few hours, I am inclined to doubt the report."

Not the slightest rumor of the attorney general's action had reached Wall street before the close. Therefore its effects on stock prices was not apparent.

WHAT KNOX HAS TO SAY.

Attorney General Knox has given out this statement:

"Within a very short time a bill will be filed by the United States to test the legality of the merger of the Northern Pacific and Great Northern systems through the instrumentality of the Northern Securities company. Some time ago the president requested an opinion as to the legality of this merger and I have recently given him one to the effect that in my judgment it violates the provisions of the Sherman act of 1890; whereupon he directed that suitable action should be taken to have the question judicially determined.

"A bill in equity is now in course of preparation which will be filed within a very short time which will ask that the merger affected through the exchange of shares of the Northern Securities company for shares of the two railroad companies be dissolved and such shares ordered reexchanged to restore the stocks of the two railroad companies to their original holders. The two railroad companies, the Northern Securities company, J. Pierpont Morgan and James J. Hill and their associate stockholders in the two companies will be the defendants in the bill. The district in which the proceedings will be instituted has not yet been determined. Most likely it will be in Minnesota."

FLURRY IN WALL STREET.

New York, Feb. 20.—There was a sensational flurry in the stock market this morning which proved how disagreeable a surprise President Roosevelt had given the speculative world by his instructions to the attorney general to begin proceedings to test the legality of the formation of the Northern Securities company. The stock of the transcontinental railways bore the chief brunt of the process of unloading stock, as they are most immediately concerned in the project represented by the formation of the company. Great Northern preferred is the only stock still listed on the exchange which is immediately involved in the company, and the first sale of that was 5½ lower than last night. However, Union Pacific, St. Paul, Northwest and Southern Pacific always show close sympathy with the affairs of the Northwest Securities company, and all of them dropped sharply, Union Pacific losing 3⅛, St. Paul 3 and Southern Pacific 2⅝. The weakness was by no means confined to this group. The wide breaches in value among the Southwesterns and in Reading, as well as in high-priced industrials like sugar, Tennessee coal and the local tractions, was a fair indication of how confident a hope had been cherished that the supreme court next Monday would dispose of the Northern Securities uncertainty and relieve the stock market from that repressive influence.

Generally speaking, the first prices were the lowest and the bear party was evidently a factor in offering stocks at as low a level as they dared, with the purpose of uncovering margins and dislodging stocks. Support for the market was prompt and powerful. The buying on this account had to absorb very heavy offerings for a time without any indication of a check to their flow. The evident fact that confident buying was going on relieved apprehensions, however, and the selling became less urgent. The bull interests were then able to bid up prices again to last night's level, but improvements of from 1 to 2 points were scored by some of the principal active stocks. The buying then decreased again and prices yielded, but the market became much quieter.

MINERS ON STRIKE.

Shamokin, Pa., Feb. 20.—Six hundred men and boys today went on strike at Hickory Ridge colliery, owned by the Union Coal company, causing the operators to shut down. The strikers asked for the discharge of a clerk, who they claimed treated them unfairly in dealing out supplies. The superintendent refused to grant their demand and the strike followed.

ELECTRIC LINES SOLD.

St. Louis, Mo., Feb. 20.—The Globe-Democrat today says: It is understood that East St. Louis electric lines have been sold to the Clark Bros., of Philadelphia. The sale has been pending for some time, but was not consummated until yesterday. The price paid for the lines is said to be $2,000,000 but none of the parties interested wish to give definite information until the actual transfer is made.

LADS HAD MUCH CASH

St. Louis, Mo., Feb. 20.—Charles and Willie Herman and Ralph Cramer, three runaway boys from Latrobe, Pa., are being held by the police until their parents are heard from. On the boys, none of whom is over 16 years of age, was found $432 in bills.

MORTGAGE BINDS IN ANY STATE.

St. Louis, Mo., Feb. 20.—By a ruling of the United States court of appeals it is held that a mortgage issued in one state is binding in any other state or territory and does not have to be re-filed. This decision reverses the ruling of the United States court of appeals for the Indian territory. Judge Caldwell gave the decision of the court.

GOES IN DEWEY'S STEAD

Washington, Feb. 20.—Commander Nathan Sargent, aide to Admiral Dewey, is, at the latter's request, going to New York to greet Prince Henry in his, the admiral's name, and to express the admiral's regret at being unable to be present in person to meet him on his arrival in America. It is stated that the only cause for the admiral's absence is the serious illness of Mrs. Dewey.

SICKNESS IS A BAD HABIT

AND IF YOU HAVE IT, SMITH'S GREEN MOUNTAIN RENOVATOR WILL CURE YOU OF IT.

Why be sick when we guarantee this medicine to help you?

Some people are aptly described as "always grunting." They never seem to feel just right, and if one thing isn't the matter with them another is. These are the people that we always feel like crossing the street to avoid meeting. They are always more or less ill because they refuse to adopt a sensible course. When they feel some particular symptom they dose themselves with various things which are supposed to be good for what that symptom indicates.

There is no use in pursuing such a course as this. The only way to get cured and stay cured is to find the root of the trouble and pull that root out.

Now, everybody knows that weakness or diseases of the stomach, liver or kidneys and consequent impure blood is responsible for more than ninety per cent. of the ills that flesh is heir to.

The only sensible thing to do is to take Smith's Green Mountain Renovator. That doesn't waste any time chasing around for this symptom or that symptom, but goes right to the vital organs, cleans them out and strengthens and upbuilds them, and purifies and enriches the blood. Just as soon as this is done you get well, and just as long as you keep yourself in proper condition by the use of this famous old medicine you are going to stay well.

There isn't any guesswork about this. In its native New England home, where it is the standard household remedy for old and young, rich and poor, Smith's Green Mountain Renovator has been effecting the most wonderful cures for a great many years, and it will do for you just what it has done for others.

"My husband has already told you how wonderfully he has been benefited by taking Smith's Green Mountain Renovator, and now I want you to know the rest of the story.

"For years I have been a frail woman. My household duties and cares of a family were so much upon me this winter that I was afraid of a severe illness. When I saw what the RENOVATOR did for Mr. Schott, I decided to try it. It does not seem possible, but in four weeks I have changed into a healthy, rested and vigorous woman. Your medicine is the best remedy for tired out people that I have ever tried. I have no more backache, headache or nervousness. The RENOVATOR cured me."

Why did YOU quit Coffee?

It probably comes to every thoughtful person at times that there are plenty of common, mediocre people, and that if one determines to, he or she can press to the front, pass the crowd, and win position, fame and gold. It is largely a matter of determination and health. Many a determined character with brilliant possibilities is held back by ill health. Some find that bright, keen thoughts refuse to come to their brains, and wonder why.

The kind of brain work that makes successful professional men makes heavy draughts on the filling of the minute nerve cells of the body, said filling being composed of a greyish sort of material which must be replaced day by day, or the brain and other parts of the body will not act properly.

Coffee is a hidden but powerful enemy to one's progress in life. Its subtle, narcotic poison weakens heart, interferes with digestion and has a definite and destructive effect on the nervous system. People who are content to load themselves with impediments to progress, who refuse to supply body with food and drink of the kind needed to make up for the daily disintegration of nerve and tissue, must stand aside in the race for pre-eminence.

The ones who are properly fed will surely win the laurels.

Postum Food Coffee furnishes the gluten and phosphates of grain needed by Nature to nourish brain and nerves with food. It does not narcotize and tear down. It is frequently misjudged on first trial, because of improper preparation, but it will be found to be a most delicious beverage if, after boiling commences, it be allowed to continue boiling for 15 minutes. This is necessary to extract the food value and flavor.

There are those who are entirely careless as to what goes into the stomach, but the one who would make all his movements tend towards health and possible greatness, cannot afford to risk adulterated food or drink or even coffee.

Kodol Digests what you Eat

Dyspepsia Cure

The medical profession is one of the most conservative in the world. It is well that it should be so. We want no experimenting with our lives or health. The physician is naturally and justifiably careful to prescribe no remedy until well satisfied of its merits. So it is no small testimonial to the worth of Kodol Dyspepsia Cure that it is coming into general use among physicians of all classes. They appreciate even more readily than the layman that it gives weak stomachs just the rest they need and are prescribing it freely with wonderfully successful results. Nodieting is necessary. Eat all you want. While you are strengthening the body with wholesome food Kodol Dyspepsia Cure is restoring the stomach to perfect health by relieving it of its work. Don't be satisfied with merely temporary relief when this remedy offers a complete cure. "I have used in my practice quite a lot of Kodol Dyspepsia Cure with no failures but relief in almost all cases," writes Dr. W. L. Wallace of Kingstree, S. C. "After an active practice of forty-five years this is the first time I have ever had occasion to publicly advise all dyspeptics that they have a certain remedy in Kodol Dyspepsia Cure."

HAVE LONG POLICE RECORDS

CHICKEN THIEVES KNOWN IN BUCKEYE STATE.

Have Served Much Time for Thieving and Other Offenses—News of the Police.

The round-up of the Jones-Allen chicken thief crowd was a pretty good thing all around and the sheriff can have the satisfaction of knowing that he cleaned up the nucleus of a gang that has been operating around this territory for a long while. With this latter crowd and the Bixler-Keyser crowd locked up it is likely to be some time before the chicken industry will be brought up again to its recent standard. Allen has a record which started at Van Wert in September, 1895, when he was arrested for burglary, but was discharged for want of sufficient proof. In August, 1900, he was again arrested at Van Wert for larceny and was sent to the Dayton work house, and soon after his release he was again arrested at Van Wert for obtaining money under false pretenses, and was again sent to the work house for a term. August 10, 1901, he was arrested in this city on suspicion of having stolen some hides which were found in his possession, and he was sent to jail for fifteen days on a charge of public intoxication, the state failing to make a case on the hide theft. In December of the same year he was again arrested and took fifteen days for vagrancy, and finally wound up Tuesday by pleading guilty to a charge of burglary, for which he is now serving from two to fourteen years at Michigan City. Louis Jones, alias Lloyd Moore, was arrested at Van Wert in March, '93, for larceny, but was acquitted. In September, 1895, he was arrested for burglary and was sent to the Ohio penitentiary for a term of three and one-half years. He was transferred from the penitentiary to the reformatory at Mansfield, from where he escaped, but was recaptured and sent back to finish his term. In May, '99, he was again arrested for burglary at Van Wert and was again sent to the penitentiary, this time for a period of two and one-half years. He was discharged March 22, 1901. In August he was arrested here with Allen on the hide proposition but was let down with a jail sentence for drunkenness, and on January 3, 1902, was arrested on suspicion of chicken thieving, but escaped with a jail sentence of fifteen days for cruelty to animals. His last arrest was with Allen on Tuesday, and like Allen, he is now doing a two to fourteen stretch at the northern penitentiary.

POLICE NOTES.

After the popular matinee yesterday morning police court stock took a slump and this morning there was not a single case before the judge.

For the first time in nearly ten years Lieutenant Lapp failed to show up at roll call this morning. The lieutenant contracted a bad cold several days ago and this morning, acting upon his physician's advice, did not report. Lieutenant Lapp has been indisposed before and has likewise taken an occasional day off, but not in ten years has he before missed a morning roll call.

J. J. Bernott, living at 73 East Lewis street, reported to the police last evening that he had lost a pocketbook containing between $70 and $80. He thinks the purse was dropped between his quarters and the Fredericks restaurant, on Calhoun street.

A lad who failed to give his name, but who should receive "honorable mention," found a valuable lap robe on the street last night and delivered it at the police station, where it awaits a claimant.

Last night Dr. Greenawalt reported to the police by telephone that there were prowlers about his premises and that their actions were rather suspicious. Sergeant Phipps investigated, but found nobody in sight.

Albert Manth has reported the loss of a valuable setter pup about six months old.

Referring to the arrest of David Robinson, who was yesterday fined at police court for wife beating, Officer Thomma says that he had not been at the house of Robinson on the previous day and had not been led out of the house by the belligerant husband. Officer Thomma was not in the vicinity at the time of the original outbreak and says that The Sentinel must have been misinformed.

Officer Coling picked up a very limber drunk on Calhoun street shortly after noon today.

ABOUT THE CITY HALL.

There was not much doing about the city hall today. Mayor Berghoff is at Chicago on a business trip, Engineer Randall was putting in his spare time looking out of the window at the snow, Comptroller Fox was trying to subtract his expense account from his salary and leave a remainder, and Clerk Schmidt was busy explaining how all the numbering muddle in some sections originated. Health Officer Macbeth was even melancholy and with evident distress announced that there had not been a new case of contagious disease reported for six days. The only happy and contented man in the building was Clerk McDonald, of the waterworks department, who confidentially remarked that he thought that in case of a heavy rain there was a chance of having wet weather some time this year and that if there was plenty of wet weather there would be no danger of a water famine. Otherwise he admitted that he was quite well.

The board of works will meet this evening and the only matter of consequence to be considered is the opening of Warsaw street, from Pontiac street south. City Attorney Shambaugh is working on the new Southwestern traction franchise, but there is no hurry about that and it will not be submitted at tonight's meeting and may never be called for.

B. S. Thompson has taken out a permit to build a frame house on Superior street, at a cost of $2,000.

That Lame Back

You can hardly straighten up, the back feels so sore. There's a chance that it is kidney "trouble," and that is something which it is dangerous to neglect. The best medicine for disease of the kidneys is Dr. Pierce's Golden Medical Discovery. The use of this medicine has resulted in some remarkable cures. It increases the activity of the blood-making glands, purifies the blood and relieves the kidneys from clogging impurities.

"I feel it my duty to let you know that I have recently advised a young gentleman who was suffering badly with kidney and bladder disease to try your 'Golden Medical Discovery,'" writes Frank Startz, M. D., of Flatonia, Fayette Co., Texas. "He bought four bottles from our druggist here, and after he had used the first bottle began to improve. Sometimes he was unable to walk ten steps; now he can ride any horse without any pain in his back and he looks as well and sound as a young boy. His age is only 28. He has suffered for nearly three years, and several other doctors called the case incurable, but I had confidence in Dr. R. V. Pierce's Golden Medical Discovery. I have been offered one hundred dollars several times already for my kind advice, but I would not accept it because I want everybody to know what Dr. Pierce's famous medicine can do.

"This testimony is absolutely true, and the reason I haven't mentioned the young gentleman's name is because he don't want to have his name published."

Accept no substitute for "Golden Medical Discovery." The sole motive for substitution is to enable the dealer to make the little more profit paid on the sale of less meritorious preparations.

Dr. Pierce's Pleasant Pellets stimulate the action of the sluggish liver. They should always be used with "Discovery" when there is need of a laxative.

CURES
INFLAMMATION OF THE BLADDER

or Cystitis, characterized by pain in the region of the bladder, frequent painful micturition, constant desire, burning, smarting, inability to urinate or only by straining, loss of control, great restlessness, fever, and all the symptoms of Irritation. This Preparation relieves the most distressing acute attacks in a few minutes, and cures the worst chronic cases in a remarkably short time. It has a marvelous record, and is guaranteed.

Mrs. D. T. Morris, of Maple Grove Farm, south of Colon City, was troubled with this disorder for several years, during which time she was never free of it. She spent over one thousand dollars on doctors and submitted to a serious surgical operation in hope of relief, but ever steadily grew worse. She was induced to try Enk Preparation No. 39, and to her surprise and that of her relatives and friends she experienced almost instant relief and it proved to be permanent. She has discontinued the use of the medicine and is perfectly well. Send a stamp for reply and write her about it.

who commanded the Iowa; Admiral Taylor, who commanded the Indiana, and Commander Wainwright, who commanded the converted yacht Gloucester, all to the purpose of sustaining his views of the case and the decisions he renders.

MANY HITS BY BIG GUNS.

The survey of the damages of the four Spanish war vessels shows that in addition to several score hits by the six-pounder and one-pounder guns of the American fleet they were struck forty-three times by the largest guns of four inches caliber and over. The Colon, which came out inside the others and did comparatively little fighting, received but three of these hits.

The other three ships, which bore the brunt of the action received forty among them. Of these forty eleven, according to the report of the board which examined into them, were by four-inch guns, ten by five-inch guns, four by either four or five-inch (the board could not determine which), while one was by either a five or six-inch, twelve were by eight-inch and two by twelve-inch guns.

All of our big ships except the Texas had eight-inch guns. Only the Texas and Iowa had twelve-inch guns. The Oregon and Indiana had thirteen-inch guns, and they and the Texas had six-inch guns.

The only four-inch guns were on the Iowa, the only five-inch guns on the Brooklyn.

IOWA HAS MOST SHOTS.

Therefore, on the three Spanish ships which did the bulk of the fighting out of the forty large caliber shots that struck them eleven certainly came from the Iowa, ten certainly came from the Brooklyn and two from either the Iowa or the Texas. Of the three which struck the Colon two were five-inch and must have come from the Brooklyn; one was either a five-inch or a six-inch. It must be remembered that the four and five-inch guns were the only quick firers above six pounders in our fleet, and that they were not only much more rapidly but much more surely handled than were the larger and slower firing guns.

The damage and loss of the American vessels were trivial. The only loss suffered was aboard the Brooklyn, where one man was killed and one wounded. In damage the cost of the repairs shows that the Iowa suffered most and the Oregon least. The American ships engaged possessed a more than two-fold material superiority over the Spanish ships, and the difference in the handling of their guns and their engines was even greater.

PRAISES WORK OF VESSELS.

We have just cause to be proud of the vigilance and instant readiness our ships displayed and the workmanlike efficiency with which they were handled. The most striking act was that of the Gloucester, a converted yacht, which her commander, Wainwright, pushed into the fight through a hail of projectiles, any one of which would have sunk her, in order that he might do his part in destroying the two torpedo-boats, each possessing far more than his own offensive power.

From the statements of the captains above, from the official reports and from the testimony before the court of inquiry, the fight can be plotted with absolute certainty in its important outlines, though there is conflict as to minor points. When the four Spanish cruisers came out of the harbor the New York had left her position in the blockading lines forty or forty-five minutes before. She had hoisted the signal "Disregard the movements of the commander in chief," but had not hoisted the signal to the second in command to take charge, which, as appears by the signal book, was sometimes, but not always used when the command was transferred.

NEW YORK IN SIGHT.

As soon as the engagement began the New York turned and steamed back, hoisting a signal to close in, which, however, none of the squadron saw. She was in plain sight, and not very much farther from the easternmost blockading ships than the latter were from the Brooklyn, which was the westernmost of the line. As soon as the Spanish ships appeared the five big American blockaders started toward them, in accordance with the standing orders of Admiral Sampson.

After this move each acted purely on his own initiative. For some minutes the Spanish and American vessels steadily approached one another and the fighting was at its hottest. Then the already damaged Spanish ships turned to the westward, while at the same time the westernmost American vessel, the Brooklyn, which was nearest the Spanish line, turned to the eastward, making a loop of three-quarter circle, at the end of which she again headed westward, farther off from and farther behind the Spanish vessels than before the loop had begun, but still ahead of any of the American vessels, although farther outside.

TEXAS BACKED HER ENGINES.

The Texas, the next ship to the Brooklyn, either was or conceived herself to be put in such jeopardy by the Brooklyn's turn toward her that she backed her engines, coming almost or quite to a standstill, so that both the Oregon and the Iowa, which were originally to the eastward of her, passed her, and it was some time after she again started before she regained her former position relatively to the Spanish vessels.

The Spanish vessels had straightened out in column for the west, the Colon going inside of the others and gradually forging ahead of them, without suffering much damage. The two torpedo-boats, which had followed them out of the harbor, were now destroyed by the fire of the rearmost of the American big vessels and of the Gloucester, which headed straight in for them, paying no more heed to their quick fire guns than to the heavy artillery of the forts, in which she was also exposed.

BROOKLYN LEADS IN A CHASE.

In the running fight which followed until the Texas, Oquendo and Vizcaya were destroyed the Indiana gradually dropped behind, although she continued to fire until the last of the three vessels went ashore. The Brooklyn was ahead of any of the other American vessels on a course outside theirs; she was nearly broadside on to the Spaniards. The Oregon, Iowa and Texas were all close together and actively engaged throughout this running fight. The Brooklyn and Oregon, followed at some distance by the Texas, then continued in chase of the Colon, which went nearly thirty miles farther before she also went ashore. During this chase of the Colon there was practically no fighting.

These are the facts as set forth above in the statements of the captains and elsewhere in their official reports and testimony. They leave no room for doubt on any important point.

QUESTION OF COMMAND TECHNICAL.

The question of command is in this case nominal and technical. Admiral Sampson's ship, the New York, was seen at the outset of the fight from all the ships except the Brooklyn. Four of these five ship captains have testified that they regarded him as present and in command. He signaled "Close in" to the fleet as soon as the first Spanish ship appeared, but his signal was not seen by any American vessel.

He was actually under fire from the ports and himself fired a couple of shots at the close of the action with the torpedo-boats in addition to signaling the Indiana just at the close of the action. But during the action not a single order from him was received by any of the ships that were actively engaged.

Admiral Schley at the outset of the action hoisted the two signals of "clear ship" and "close in," which was simply carrying out the standing orders of Admiral Sampson as to what should be done if the enemy's ships attempted to break out of the harbor. Until after the close of the first portion of the fight at the mouth of the harbor and until after he had made his loop and the Spanish ships were fleeing to westward not another American ship noticed a signal from him.

OREGON ONLY SEES SIGNALS

When the western pursuit had begun the Oregon, and the Oregon only, noticed and repeated one of his signals of command. The captain of the Oregon regarded him as in command, but did not in any shape or way execute any movement or any action of any kind whatever in accordance with any order from him.

In short, the question as to which of the two men, Admiral Sampson or Admiral Schley, was at the time in command is of merely nominal character. Technically, Sampson commanded the fleet and Schley, as usual, the western division. The actual fact, the important fact, is that after the battle was joined not a helm was shifted, not a gun was fired, not a pound of steam was put on in the engine-room aboard any ship actively engaged in obedience to the orders of either Sampson or Schley, save on their own two vessels. It was a captain's fight.

CREDIT APART FROM COMMAND

Therefore, the credit to which each of the two is entitled rests on matters apart from the claim of nominal command over the squadron; for so far as the actual fight was concerned neither one nor the other, in fact, exercised any command. Sampson was hardly more than technically in the fight. His real claim for credit rests upon his work as commander in chief, upon the excellence of the blockade; upon the preparedness of the squadron; upon the arrangement of the ships' head on in a semi-circle around the harbor, and the standing orders in accordance with which they instantly moved to the attack of the Spaniards when the latter appeared. For all these things the credit is his.

Admiral Schley is rightly entitled—as is Captain Cook—to the credit of what the Brooklyn did in the fight. On the whole, she did well; but I agree with unanimous finding of the three admirals who composed the court of inquiry as to the "loop," it seriously marred the Brooklyn's otherwise excellent record, being, in fact, the one grave mistake made by any American ship that day.

MUST NOT WEIGH DANGER.

Had the Brooklyn turned to the westward—that is, in the same direction that the Spanish ships were going—instead of in the contrary direction she would undoubtedly have been in more dangerous proximity to them. But it would have been more dangerous for them as well as for her. This kind of danger must not be too nicely weighed by those whose trade it is to dare greatly for the honor of the flag.

Moreover, the danger was certainly not as great as that which in the self-same moment menaced Wainwright's fragile craft as he drove forward against the foe. It was not, in my judgment, as great as the danger to which the Texas was exposed by the turn as actually made. It certainly caused both the Brooklyn and the Texas materially to lose position compared to the fleeing Spanish vessels.

But after the loop had once been taken Admiral Schley handled the Brooklyn manfully and well. She and the Oregon were thenceforth the headmost of the American vessels, though the Iowa certainly, and seemingly the Texas also, did as much in hammering to a standstill the Vizcaya, Oquendo and Teresa; while the Indiana did all her eastward position and crippled machinery permitted. In the chase of the Colon the Brooklyn and Oregon share the credit between them.

LAUDS M'KINLEY'S JUDGMENT.

Under such circumstances it seems to me that the recommendations of President McKinley were eminently proper and that so far as Admiral Sampson and Admiral Schley were concerned it would have been unjust for him to have made other recommendation.

Personally, I feel that in view of Captain Clark's long voyage in the Oregon and the condition in which he brought her to the scene of service as well as the way in which he actually managed her before and during the fight, it would have been well to have given him the same advancement that was given Wainwright. But waiving this, it is evident that Wainwright was entitled to receive more than any of the other commanders, and that it was just to Admiral Sampson that he should receive a greater advance in numbers than Admiral Schley—there was nothing done in the battle that warranted any unusual reward for either. In short, as regards Admirals Sampson and Schley, I find that President McKinley did substantial justice, and that there would be no warrant for reversing his action.

Both Admiral Sampson and Admiral Schley are now on the retired list. In concluding their report the members of the court of inquiry, Admirals Dewey, Benham and Ramsay, unite in stating that they recommend that no further action be had in the matter. With this recommendation I most heartily concur. There is no excuse whatever from either side for any further agitation of this unhappy controversy. To keep it alive would merely do damage to the navy and to the country.

STATE COMMITTEE MEETING.

S. B. Fleming will leave for Indianapolis this evening to be present at a meeting of the state democratic committee tomorrow. The principal business of the meeting, he suggested, would be the election of a vice chairman and with becoming modesty refrained from passing an opinion as to the probable selection of the committee; it is pretty well known that Mr. Fleming can have the position if he wants it. It is also likely that a secretary will be selected at tomorrow's meeting. Joe Reilly has the call on the job, but Mr. Fleming says that if J. E. McDonald, of Ligonier, is a candidate he will support him as long as he is in the field.

OPENED BIDS TODAY.

Bids for the construction of the new bottling works at the Borghoff brewery were opened this morning, but no award was made, the contracts being taken under advisement. The firms submitting bids were, Messrs. John Suelzer, Wahrenberg & Busching, Korte & Brunick and Henry Hilgeman. It is probable that all the bids will be rejected, as the officers of the company consider them too high.

LINERS SAID TO BE RACING.

London, Feb. 20.—The story that the steamers Campania, St. Louis and Kion Prince Wilhelm are racing seems to only be based on the fact that the times of their departure accidentally arranged a handicap, which, in view of their respective performances, is a very fair one. The Campania left Queenstown at 6:45 p. m. Sunday, the St. Louis passed the Lizard at 12:20 a. m., and the Kion Prinz Wilhelm sailed from Cherbourg at 9 p. m. It is pointed out that the efforts the captains are supposed to be making may possibly result in the three steamers arriving within the same hour.

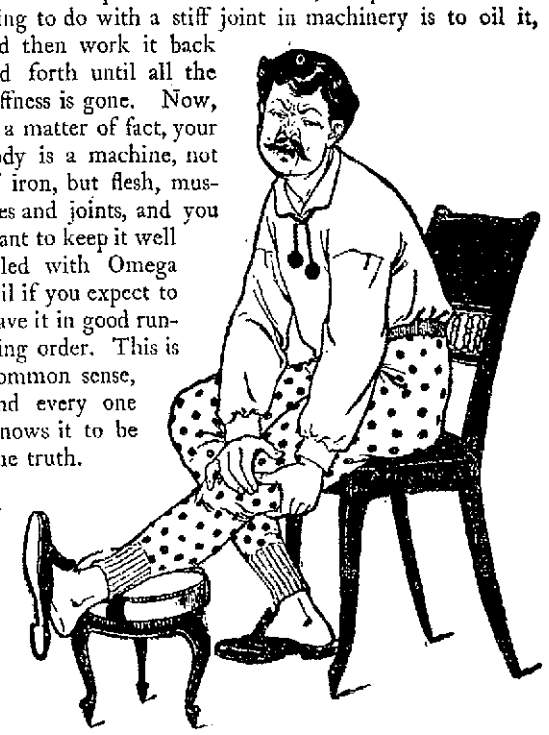
Stiff Joints

Omega Oil

What a stiff joint needs more than anything else is Omega Oil. The next need is plenty of massage, or rubbing. The rubbing makes the blood flow faster, and the Oil loosens up and softens the hard, stiff places. The first thing to do with a stiff joint in machinery is to oil it, and then work it back and forth until all the stiffness is gone. Now, as a matter of fact, your body is a machine, not of iron, but flesh, muscles and joints, and you want to keep it well oiled with Omega Oil if you expect to have it in good running order. This is common sense, and every one knows it to be the truth.



Omega Oil is good for everything a liniment ought to be good for. 771

THE MARKETS.

Chicago, Feb. 20.—There was little business early in grains. May wheat opened ½@¾c to ⅞@1c lower at 73c to 77½c on lower cables and continued good weather. Cash business was still dull. The early nervousness in the stock market reflected a bearish tone in the grain pits and there was some short selling and letting go of long holdings in consequence. May sold off to 77½c, but later was steadied by some commission houses buying. Local receipts were 14 cars, one of contract grade; Minneapolis and Duluth reported 270 cars, making a total for the three points of 284 cars, against 654 for two days last week and 396 this day last year.

May wheat continued weak and sold down to 77½c. Later the shorts covered and sentiment turned better, sending May to 78½c. May closed steady, unchanged, at 78½@78¼c.

In spite of higher Liverpool cables, corn felt bearish and weak with wheat. May opened ⅛c lower to unchanged at 61¾c to 61½c and sagged off to 60¾c. There was some local buying that brought a reaction to 61c, but business was dull and the market steadied. Receipts were 77 cars.

May corn during the early weakness sold down to 60¾c. The revival of strength in wheat and covering together with a late consideration of cables, brought a firm close, May ⅝@¾c higher, at 61⅝@61¾c.

Oats lost a trifle at the opening with other grains. Statisticians figured a larger acreage for oats. The early market, however, was almost featureless. May opened ⅛c lower at 43¼c, sold down to 43¼c and hung around 43¼@43⅜c. Receipts were 81 cars.

The hog market early was good and influenced a higher opening in provisions. The grain weakness, however, brought a loss of the early gain. Trade was very quiet. May pork opened 2½c up at $16.80 and declined to $16.75; May lard a shade up at $9.42½ and reacted to $9.40, and May ribs unchanged at $8.45 and lost a shade.

THE DAY ON WALL STREET.

New York, Feb. 20.—The decision of the administration at Washington to test the legality of the Northern Securities company came upon the stock market with a shock. The weakening effect was already manifest in the American department of the London stock market before the opening here. The New York stock market opened in a demoralized condition. Very large blocks of stocks were unloaded in all directions at acute declines. Naturally the stocks of the trans-continental railroads as being immediately interested were most affected, but large losses were shown in other stocks where speculation for the rise has been extended the coalers, the high-priced industrials and the local traction all showing sharp losses. Great Northern preferred dropped 5½, Tennessee Coal 4 and Union Pacific, Southern Pacific, St. Paul, Missouri Pacific, Sugar, Metropolitan Street Railway, Reading and Atchison from 2 to over 3 points. Many stocks in the miscellaneous list including United States Steel stocks, showed losses of a point or over.

Large losses were made in additional stocks. St. Paul preferred, Wheeling and Lake Erie first preferred, Northwestern, Illinois Central, Wabash preferred, Consolidated Gas and General Electric dropping from 2 to 3½. The leading stocks all made their low prices at the start and supporting orders carried them up between 1 and 2 points. Tennessee Coal made the extreme rally of 2½, but the Pacifics, Readings, Sugar and the tractions were all prominent in the up-turn. St. Paul, however, only made a small recovery and western stocks generally lagged. Quick profits were taken by the traders later and there was a general setback on lessened dealings.

The market grew steadier when Sugar and Amalgamated were bid up, the latter selling a shade over last night. United States Rubber preferred and Chicago and Alton scored net gains of 1@1½ respectively, and Smelt preferred of 3. Among the leaders the movement was somewhat fitful and not wide either way until near noon, when there were renewed declines to about the lowest in the trans-continentals. New York Central, Cleveland, C., C. & St. Louis and Reading second preferred dropped 2 each. There was heavy selling of some of the semi-speculative bonds, Wabash debenture B, Union Pacific convertibles and Baltimore and Ohio convertibles yielding 1 to 3 points.

The bond market otherwise was not much affected.

THE MONEY MARKET

GRAND RAPIDS CURLERS WIN

FORT WAYNE DEFEATED BY 10 POINTS.

Locals Take Drubbing Good Naturedly and Showed the Visitors a Good Time.

The final games between the Fort Wayne and Grand Rapids rinks were played yesterday afternoon at Lakeside, when the visitors piled up 37 points against Fort Wayne's 21. Good playing was impossible on account of the soft ice, but towards 3 o'clock the mercury began to seek the bottom of the tube and the ice was soon in good condition.

The result of the games was as follows:

RINK NO 1.

Grand Rapids.	Fort Wayne.
A. J. McDougall.	John Gillie
G. McInnes.	W. W. Mungen.
N. F. Avery.	Jas. Gillie.
Wm. Miller.	skip W. W. Orrock.

Score—Grand Rapids, 18; Fort Wayne, 14.

RINK NO. 2.

Grand Rapids.	Fort Wayne.
J. W. Blodgett.	F. J. Hayden.
James Baynes.	D. Miller.
D. Forbes.	G. Thumm.
J. J. Thompson. skip	David McKay.

Score—Grand Rapids, 19; Fort Wayne, 7.

A consolation game was played between mixed rinks from both cities, resulting as follows:

O. B. Wiley.	H. Alderman.
P. D. Smyser.	Fred Helling.
Malcolm McInnes.	J. W. Hunter.
C. L. Centlivre skip	Charles Hauser

Score—Centlivre's rink, 12; Hauser's, 8.

The guests were entertained at supper at the Ohneck cafe, and afterwards were escorted through the court house by Mr. Wiley. The visitors were loud in their praises of the beautiful building, which was specially illuminated for their benefit. After inspecting the court house the party betook themselves to Caledonian hall, where they enjoyed a luncheon and smoker. Captain A. H. Dougall presided and brief addresses were made by several of those present.

The Grand Rapids curlers returned to their homes at an early hour this morning to rest up for the big contest with the Chicago Curling club Friday night. The teams are the best that ever played in Fort Wayne, and the contests were very interesting. It is probable that the Fort Wayne curling teams will play return games in Grand Rapids before the season closes.

GIRLISH FIGURES

HOW MARRIED WOMEN MAY RETAIN THEM.

Besides, comely to the extent of sweetness, grace and symmetry, often lose these powers when nature in its period of gestation imposes upon them the duty of child-birth. Properly understood, motherhood is a season of pleasant anticipation. Only in rare cases is it made so however, without artificial aid. A liniment for outside use, is preferable to anything else. Mother's Friend, if used throughout the entire period of pregnancy, will soothe and relax the tissues, soften the muscles, and make elastic tendons and supple sinews.

This celebrated liniment removes stiffness and promotes expansion of the fibres when under strain. Your body is a machine of flesh, muscles and bones, and Mother's Friend is used for the purpose of lubricating the parts taxed during pregnancy. It can work no injury to mother or child. It is applied externally to the abdominal regions. Its effect is wonderful and worthy a trial.

BIG LOCOMOTIVES

NEW ENGINES OF THE NICKEL PLATE ARE COMING.

LARGEST EVER ON THE ROAD

WILL PULL FROM 1,500 TO 1,800 TONS OF FREIGHT.

FARMER KILLED ON WABASH

WAS DRIVING A HORSE AND LEADING A BULL.

Tonight or tomorrow morning four mammoth engines will pass through the city, en route to Stony Island, where they will be adjusted, tested and made ready for service. These locomotives comprise the first consignment on an order for ten placed with the Brooks Locomotive works by the Nickel Plate. They are of the ten-wheel connected pattern and were designed by Motive Power Supt. John McKenzie with a view to both speed and great hauling capacity. The engine weighs 79 tons; tender, 51 tons; have 19x21 inch cylinders; tank with 5,000 gallons capacity; 62-inch drivers, upon which there is a weight of 70 tons; the boiler has a heating surface of 2,800 feet and carries when in service 200 pounds steam pressure. These engines will be assigned exclusively to the fast freight service. They are expected to pull from 1,500 to 1,800 tons at an average speed of twenty-five miles per hour over the western division of the road. These engines left the works in Dunkirk Tuesday night, made the journey to Bellevue over the Lake Shore and at that city were delivered to the Nickel Plate.

BRAKEMAN DICK PROMOTED.

J. S. Dick was yesterday promoted from brakeman to conductor in the service of the Nickel Plate. Mr. Dick has been employed on that road about eight years and no promotion was ever more worthily made. He is a good fellow and is being congratulated by his friends.

SLIGHT ADDITION TO FORCE.

The Fort Wayne Electric company still continues to make occasional additions to the force of workmen in the shops, though every department is working about all the men it can find room for. This morning the names of W. Donahue, Charles Ritzrus, Adolph Russer and William Reese were added to the pay rolls. But little more addition can be made until the proposed improvements to the works are made.

FARMER KILLED.

The Wabash's Continental limited struck and killed John Swanson, a Swedish farmer, aged thirty years, about midway between Williamsport and West Lebanon yesterday afternoon. Swanson was driving a horse and leading a bull and the outfit got on the crossing at the same instant the limited did. Man, horse and bull were picked up and tossed aside and never knew what struck them. The train was running at the rate of sixty miles an hour, making up lost time.

THEY QUIT THEIR JOBS.

F. Bandau, A. Shannon, A. Holzhauer and C. H. Springer resigned their positions at the Pittsburg shops yesterday. Bandau goes to Andrews to work in the Wabash round house with his brother; Shannon will return to the farm; Holzhauer will teach mandolin music and Springer will become a brakeman on the Pittsburg road. These men had excuses for resigning, but there are a good many resignations nowadays that seem uncalled for and this is a great and growing annoyance at the railway shops, and particularly at the various round houses in the city. There is a great demand for round house machinists and experienced helpers and it seems that the men allow themselves to become easily dissatisfied with their lots and make frequent changes. Round house work is not the most pleasant in zero weather, but wages are good and the foremen feel that the men should put up with present unavoidable discomforts, especially as it will continue only a few days or weeks. The trouble is not with the old employes, but with those who have been taken on recently.

BELLEVUE AUXILIARY HERE.

The members of the Bellevue auxiliary to the Brotherhood of Locomotive engineers, who attended the banquet at Garrett, were the guests during their stay in this city of Mrs. Charles Asterlin, of 235 West Washington street, and were pleasantly entertained by that lady. The husbands of the visitors are engineers on the Nickel Plate, men who are well known to all the Nickel Plate employes in this city. The personnel of the party was Mrs. Charles Long, Mrs. Theodore Peters, Mrs. A. Felt, Mrs. J. Sliter, Mrs. Mart Aucker, Mrs. George Mulland, Mrs. David Steller, Mrs. J. Rhodenberg and Mrs. J. Jones.

WILL GIVE PEDRO PARTY.

The ladies' society of the Brotherhood of Locomotive Firemen will give a public pedro party at the hall on Calhoun street next Saturday night. They have made elaborate arrangements for this event and expect to have a very successful and enjoyable gathering. Lunch will be served during the evening.

HEAVY EXPRESS PACKAGE.

One of the heaviest pieces of express matter to leave the city for several weeks was a crank disc for one of the big Bass Corliss engines, which left the city on Pennsylvania train No. 18 this morning. It weighed exactly 5,000 pounds and to load it the Adams Express men at the depot had to call to their aid the baggage force and a part of the car inspecting force. The piece was consigned to a steel mill company of Parkersburg, W. Va., and it is to replace a disc that was broken a day or two ago.

As a money-maker the Pittsburg and Lake Erie road has no equal in this country. The annual report shows that the earnings per mile of that road were $45,000, while other roads consider they are doing well when their earnings reach $20,000 per mile.

General Manager Blodgett, General Superintendent Marshall and Traffic Manager Grammar, of the Lake Shore, will be in the city some time next week. The gentlemen are only awaiting warmer weather to start upon an inspection of the Lake Erie and Western road.

The Illinois Central is building at Champaign, Ill., three large greenhouses to produce flowers for the decoration of stations and tables of the dining cars. The grounds are extensive enough to produce hardy trees to be planted, when of proper growth, around their way stations.

The partial failure of the gas supply at all the towns within the gas belt has created a demand for coal which has given to Brazil, the leading coal center of the state, an appearance of activity that has been lacking for several years. Prior to the introduction of gas Brazil was a most prosperous city.

St. Louis Globe-Democrat: "Instructions to begin at once complete plans for the Wabash passenger terminals in Pittsburg were received yesterday from President Joseph Ramsey, jr., by T. C. Link, architect of stations for the Wabash. No restrictions are placed upon the architect as to the cost of the station."

Col. James Harvey Fry, chief clerk in Master Mechanic B. Fitzpatrick's office, entered upon another lap in the human race this morning. He absolutely refused to divulge the number of years he has been on earth, but a friend who ought to know says that the colonel has been here at least twenty-five. He worked as usual today.

FEEDS ONE—STARVES OTHER

Feeds the body—starves the microbes! That is what Scott's Emulsion does in consumption.

We can't expect to understand all about these germs and microbes the doctors talk of. They say that one kind causes consumption. Consumption microbes feed on weak lungs. Perhaps that's so.

At any rate we know that Scott's Emulsion has a peculiar action on the lungs which gives the lungs new life and vigor. Healthy lungs starve the microbes out.

Life for the lungs and flesh for the body, that is what the consumptive has a right to expect from Scott's Emulsion. An ideal food and tonic for any form of wasting disease.

Carl Hobrock, shipping clerk at the Pittsburg storeroom, is off duty today on account of sickness.

and G. Holam, of the Pittsburg, are sick and off duty.

Councilman William Hosey, who has been sick a few days, reported for duty at the Pittsburg machine shop this morning.

E. K. Woodward, roadmaster on the Detroit division of the Wabash, was in the city yesterday looking after some railway business.

Engineer George Miller was at the throttle of the engine hauling Pennsylvania train No. 37 this morning. Mr. Miller had typhoid fever and the trip out today is the first he has made for several weeks.

J. I. Bicknel has returned from Monroeville, where he was called Tuesday to see his mother, who was very sick. The patient is improving and will recover. Mr. Bicknel resumed his duties at the Pittsburg 'smith shop this morning.

C. H. DeRome and C. C. M. Casterline, of the Pittsburg machine shop, had accidents yesterday - that were very similar in character. While at work each had a hand bruised by a misdirected blow from a hammer. Both are off duty during treatment of the wounded members.

The Missouri Pacific and the Wabash are accused by competitors of violating the agreement between western lines, and in order to meet such conditions lines interested have decided to pay commissions on every ticket sold between Chicago and the Missouri river. It is thought this action will open the door for paying commissions on other passenger business.

S. H. Center, of the Pittsburg boiler shop, is off duty on account of the death of his mother-in-law, Mrs. Buhr. Other shopmen who are off duty today are Herman Limbach, Louis Gronau and W. B. Cole, who are sick, and C. H. Smith and John P. Schmidt, who are attending to personal affairs. Joseph Junk was called from the 'smith shop this morning by a telephone message stating that his wife had been taken suddenly ill.

A NIGHT ALARM.

Worse than an alarm of fire at night is the brassy cough of croup, which sounds like the children's death knell and it means death unless something is done quickly. Foley's Honey and Tar never fails to give instant relief and quickly cures the worst forms of croup. Mrs. P. L. Cordier, of Mannington, Ky., writes: "My three-year-old girl had a severe case of croup; the doctor said she could not live. I got a bottle of Foley's Honey and Tar; the first dose gave quick relief and saved her life." Refuse substitutes. Sold by Dreier & Bro. and Pellens & Polster.

Miss Jessie Dubois will entertain a company of friends at progressive pedro this evening, at her home on Force street.

SAVED HER CHILD'S LIFE.

Kodol Dyspepsia Cure

Digests what you Eat

The medical profession is one of the most conservative in the world. It is well that it should be so. We want no experimenting with our lives or health. The physician is naturally and justifiably careful to prescribe no remedy until well satisfied of its merits. So it is no small testimonial to the worth of Kodol Dyspepsia Cure that it is coming into general use among physicians of all classes. They appreciate even more readily than the layman that it gives weak stomachs just the rest they need and are prescribing it freely with wonderfully successful results. No dieting is necessary. Eat all you want. While you are strengthening the body with wholesome food Kodol Dyspepsia Cure is restoring the stomach to perfect health by relieving it of its work. Don't be satisfied with merely temporary relief when this remedy offers a complete cure. "I have used in my practice quite a lot of Kodol Dyspepsia Cure with no failures but relief in almost all cases," writes Dr. W. L. Wallace of Kingstree, S. C. "After an active practice of forty-five years this is the first time I have ever had occasion to publicly advise all dyspeptics that they have a certain remedy in Kodol Dyspepsia Cure."

HAVE LONG POLICE RECORDS

CHICKEN THIEVES KNOWN IN BUCKEYE STATE.

Have Served Much Time for Thieving and Other Offenses—News of the Police.

The round-up of the Jones-Allen chicken thief crowd was a pretty good thing all around and the sheriff can have the satisfaction of knowing that he cleaned up the nucleus of a gang that has been operating around this territory for a long while. With this latter crowd and the Bixler-Keyser crowd locked up it is likely to be some time before the chicken industry will be brought up again to its recent standard. Allen has a record which started at Van Wert in September, 1895, when he was arrested for burglary, but was discharged for want of sufficient proof. In August, 1900, he was again arrested at Van Wert for larceny and was sent to the Dayton work house, and soon after his release he was again arrested at Van Wert for obtaining money under false pretenses, and was again sent to the work house for a term. August 10, 1901, he was arrested in this city on suspicion of having stolen some hides which were found in his possession, and he was sent to jail for fifteen days on a charge of public intoxication, the state failing to make a case on the hide theft. In December of the same year he was again arrested and took fifteen days for vagrancy, and finally wound up Tuesday by pleading guilty to a charge of burglary, for which he is now serving from two to fourteen years at Michigan City. Louis Jones, alias Lloyd Moore, was arrested at Van Wert in March, '93, for larceny, but was acquitted. In September, 1895, he was arrested for burglary and was sent to the Ohio penitentiary for a term of three and one-half years. He was transferred from the penitentiary to the reformatory at Mansfield, from where he escaped, but was recaptured and sent back to finish his term. In May, '99, he was again arrested for burglary at Van Wert and was again sent to the penitentiary, this time for a period of two and one-half years. He was discharged March 22, 1901. In August he was arrested here with Allen on the hide proposition, but was let down with a jail sentence for drunkenness, and on January 3, 1902, was arrested on suspicion of chicken thieving, but escaped with a jail sentence of fifteen days for cruelty to animals. His last arrest was with Allen on Tuesday, and like Allen, he is now doing a two to fourteen stretch at the northern penitentiary.

POLICE NOTES.

After the popular matinee yesterday morning police court stock took a slump and this morning there was not a single case before the judge.

For the first time in nearly ten years Lieutenant Lapp failed to show up at roll call this morning. The lieutenant contracted a bad cold several days ago and this morning, acting upon his physicinn's advice, did not report. Lieutenant Lapp has been indisposed before and has likewise taken an occasional day off, but not in ten years has he before missed a morning roll call.

J. J. Bernott, living at 73 East Lewis street, reported to the police last evening that he had lost a pocketbook containing between $70 and $80. He thinks the purse was dropped between his quarters and the Fredericks restaurant, on Calhoun street.

A lad who failed to give his name, but who should receive "honorable mention," found a valuable lap robe on the street last night and delivered it at the police station, where it awaits a claimant.

Last night Dr. Greenawalt reported to the police by telephone that there were prowlers about his premises and that their actions were rather suspicious. Sergeant Phipps investigated, but found nobody in sight.

Albert Manth has reported the loss of a valuable setter pup about six months old.

Referring to the arrest of David Robinson, who was yesterday fined at police court for wife beating, Officer Thomma says that he had not been at the house of Robinson on the previous day and had not been led out of the house by the belligerant husband. Officer Thomma was not in the vicinity at the time of the original outbreak and says that The Sentinel must have been misinformed.

Officer Coling picked up a very limber drunk on Calhoun street shortly after noon today.

ABOUT THE CITY HALL.

There was not much doing about the city hall today. Mayor Bergholt is at Chicago on a business trip. Engineer Randall was putting in his spare time looking out of the window at the snow. Comptroller Fox was trying to subtract his expense account from his salary and leave a remainder, and Clerk Schmidt was busy explaining how all the numbering muddle in some sections originated. Health Officer Macbeth was even melancholy and with evident distress announced that there had not been a new case of contagious disease reported for six days. The only happy and contented man in the building was Clerk McDonald, of the waterworks department, who confidentially remarked that he thought that in case of a heavy rain there was a chance of having wet weather some time this year and that if there was plenty of wet weather there would be no danger of a water famine. Otherwise he admitted that he was quite well.

The board of works will meet this evening and the only matter of consequence to be considered is the opening of Warsaw street, from Pontiac street south. City Attorney Shambaugh is working on the new Southwestern traction franchise, but there is no hurry about that and it will not be submitted at tonight's meeting and may never be called for.

B. S. Thompson has taken out a permit to build a frame house on Superior street, at a cost of $2,000.
